Dear customer

Our experienced team at Tswako Foundation realises that all children play spontaneously, guided by instinct, which is often linked to the development of social and survival skills.

We at Tswako Foundation are aware of the value of educational resources in developing skills within the different learning facets with particular attention to mathematics, language and life skills.

With this in mind, we have carefully curated educational materials that are sure to assist children in learning vital skills enabling them to thrive in our highly technical world and achieve their full potential in areas of development.

This year we have really listened to your needs and ensured we addressed what matter most to our customers with our quality resources, excellent service and value for money. Inside your Catalogue you will find a huge selection of innovative resources for your classroom designed to meet the evolving South African Curriculum while enriching growing minds.

BI2578

LET'S GET MOVING! NUMBERS AND COUNTING KIT

Everything you need to get children moving, learning and exploring numbers 1-10—in one complete kit. This activity-filled kit includes 10 nonslip mats, 5 vinyl balls and 2 foam dice, printed with numbers or simple movements like skipping, hopping and touching toes. You get 6 game cards featuring exciting activities that boost number and counting skills as children play.

BI3163

SEE-INSIDE COUNTING TUBES

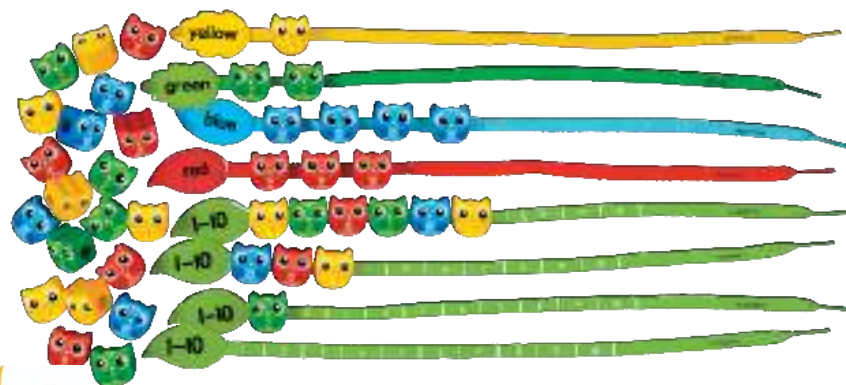

Counting from 1 to 10 has never been so much fun! Kids just grab a numbered tube, press the tube over a ball to pick it up counting each ball as they go! When the tube is filled up, kids flip the top to release the balls and start the counting fun all over again! As kids practice counting, they also boost eye/hand coordination! Includes 10 clear counting tubes and 55 balls in 5 colours.

BI3338

GIANT NUMBERS AND COUNTING BEADS

As little ones thread our jumbo beads onto colourful laces, they build sequencing, counting and coordination skills. 124 piece kit includes 2 sets of beads printed with numbers from 1 to 20, 80 round counter beads, 4 plastic tipped laces and an activity guide all in a handy storage tub.

BI2582

LEARNING LACERS

Children thread 40 plastic owls onto 8 plastic-tipped laces while learning to sort objects by colour and count from 1 to 10. Develops co-ordination, colour recognition and counting skills.

NEW ARRIVALS

BI4160

LEARNING ROCKETS NUMBERS

Out-of-this-world rockets—perfect for practicing counting and number recognition skills as kids play! Our hands-on set comes with 20 superdurable plastic rockets—each made up of 3 pieces showing different representations of the same number. Kids match up the pieces to practice counting to 20, associating numbers with quantities, and more!

BI4184

FLIP AND SOLVE MATHS BOARDS- ADDITION

Kids flip their way to addition mastery! Our activity board has attached wooden tiles that children turn over to visualize and solve addition problems. Simply select a card, place it in the holder then flip the tiles to add bananas! You get a wooden board, plus 25 self-checking cards with answers on back.

BI4185

FLIP AND SOLVE MATHS BOARDS-SUBTRACTION

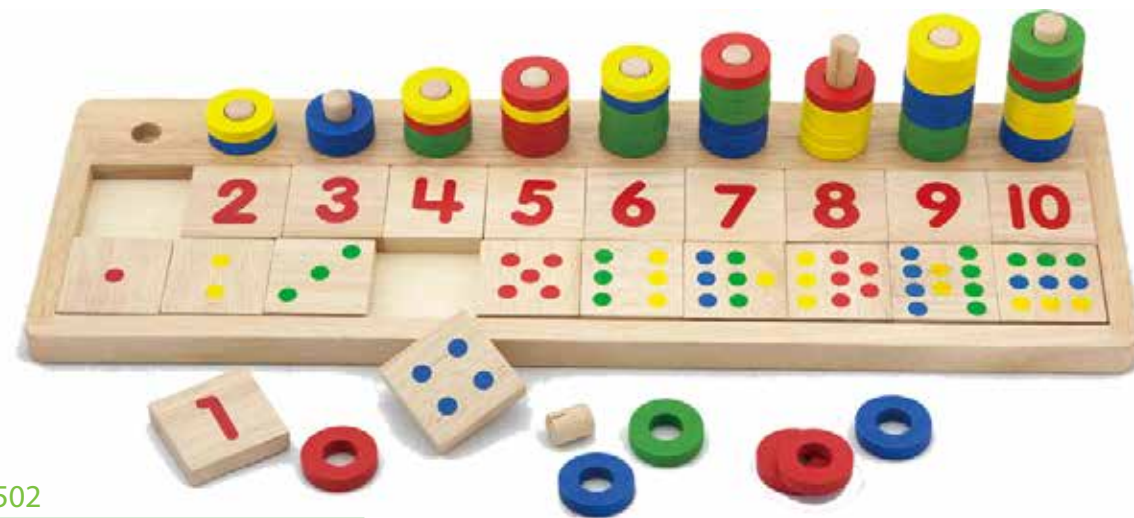

Kids flip their way to subtraction mastery! Our activity board has attached wooden tiles that children turn over to visualize and solve subtraction problems. Simply select a card, place it in the holder then flip the tiles to subtract acorns! You get a wooden board, plus 25 self-checking cards with answers on back.

BI4786

IT'S A SNAP! SIMPLE ADDITION CENTER

Simple addition is a snap—with hands-on boards and counters children love to use! Kids simply grab a pre-printed board featuring an addition problem through 10, attach the corresponding number of counters to match each addend then count the counters to find the sum. You get 20 durable plastic equation boards, 60 plastic counters in 2 colours and an activity guide.

BI3502

COUNT AND MATCH NUMBERS

Learn count with this educational toy in a fun way. Made of high quality rubber wood, painted and printed by hand. Includes 55 wooden ring and 20 square pieces included.

BI0003

NUMBER COUNTER

Learn to count from 1 to 5 while stacking the wooden rings on the number pegs. Also a good introduction to colour differentiation, concentration and hand-eye co-ordination.

BI2577

MAGNETIC COUNTING MAZE

Build number recognition, practice counting and fine-tune motor skills with our fun magnetic maze! The sturdy hardwood board has 10 gumball machines representing numbers 1-10, 55 colourful magnetic balls for students to count. Kids use the attached magnetic wand to move the balls through the maze and drop them into each gumball machine, counting as they go!

BI2576

MAGNETIC COLOUR MAZE

An irresistible, hands-on way to explore colours! Our sturdy hardwood maze has 8 built-in paint cans, plus fun magnetic balls in 8 bright colors. Kids use the attached magnetic wand to guide the balls through the maze and drop them into matching paint cans building color recognition and fine motor control along the way!

BI2575

MAGNETIC SHAPE MAZE

Kids explore geometric shapes as they guide everyday objects through our fun magnetic maze! From an envelope to a watermelon slice, children match real-world objects to their corresponding shapes using the attached magnetic wand and learn to recognize 6 different shapes along the way.

BI3175

UNLOCK IT! NUMBER MATCH

Unlock the power of numbers! These corresponding keys and locks give children hands-on practice with number recognition, matching and counting from 1 to 20 while building motor skills! Children simply match the number on a key to the number word or stars on a lock. If the numbers match, the key will turn and the lock will open for instant reinforcement! Set includes 20 locks and 20 matching keys.

BI3123

COUNT AND LINK

Give children a fun-filled way to practice counting and learn to visualize quantities with cute, numbered elephants kids can't resist! You get 20 double-sided chipboard elephants labeled with numbers 1-20 plus 250 plastic links in 4 bright colors. The links snap right onto each elephants trunk, kids just link them together to count out each number, hands-on math practice with plenty of visual reinforcement!

BI3269

NUMBER-BOTS

Ordinary numbers one moment extraordinary robots the next! With just a few twists and turns, numbers transform into super-cool robots that kids can't resist boosting counting and number recognition skills as children play! Set includes 10 robots, plus 5 operation symbols to build math problems.

BI2381

PEG NUMBER BOARDS (SET OF 10)

As kids fit 9 pegs into the 9 board and 3 pegs into the 3 board, they get tons of hands-on counting practice and learn to associate numbers and quantities. Our set includes 10 soft and quiet foam rubber boards and 60 giant, easy-grip plastic pegs.

BI1999

DINOSAUR COUNTERS

A set of 48 detailed dinosaur counters. Ideal for counting, sorting, creating patterns and using with simple mathematical processes: addition, subtraction, division & multiplication.

BI0020

WILD ANIMAL COUNTERS

A set of 60 detailed wild animal counters. Ideal for counting, sorting, creating patterns and using with simple mathematical processes (adding, subtracting, dividing or multiplying).

SET OF 6

BI5213

FLOWER SORTING TRAYS

Set of 6 brightly coloured flower shaped trays, great for all counting, sorting and classifying activities and also ideal for use as a paint tray or for colour mixing.

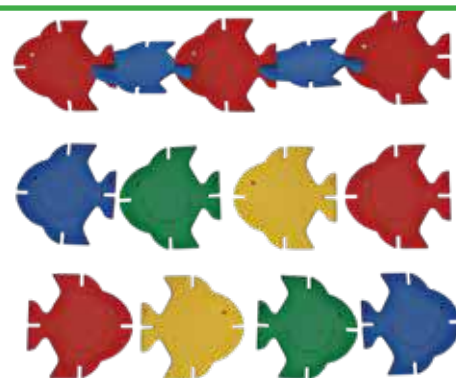

SET OF 6

BI4759

EASY-SQUEEZE FINE MOTOR SCOOPS - SET OF 10

With our easy-to-use scoops, kids can pick up and sort tons of small objects—and develop fine motor skills at the same time! You get 10 plastic scoops.

BI2013

TROPICAL FISH COUNTERS

Counters link together to form chains, ideal for counting, sorting and patterning work.

BI0021

FARM ANIMAL COUNTERS

A set of 36 detailed farm animal counters. Ideal for counting, sorting, creating patterns and using with simple mathematical processes (adding, subtracting, dividing or multiplying).

NEW ARRIVALS

BI4090

MAGNETIC MATH LEARNING RODS

Magnetic rods give kids tons of practice with counting, size discrimination and shape sorting! Each durable wooden rod is magnetic—and shows a number, shape or size for kids to match. Kids simply place magnets right on each rod...to count airplanes from 1 to 10, match a clock to the shape of a circle, sort adorable insects by size—and more! You get all 3 sets shown.

BI4182 POP AND ADD TO 12

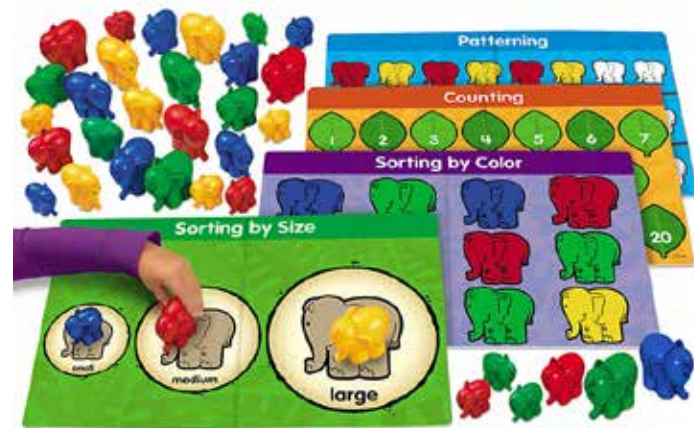

Here's a perfect way to add excitement to math practice! Our fun-to-use game prompts children to use dice poppers to create an addition problem with a sum up to 30. To solve the problem, kids just count the poppers, then write the answer on the board. When children are done, they simply wipe the board clean then pop the dice again to create tons of new problems! Game includes 2 poppers, a board and counters.

BI4181 POP AND ADD TO 20

BI4183 POP AND ADD TO 30

BI3127

EARLY MATH ACTIVITY CENTER

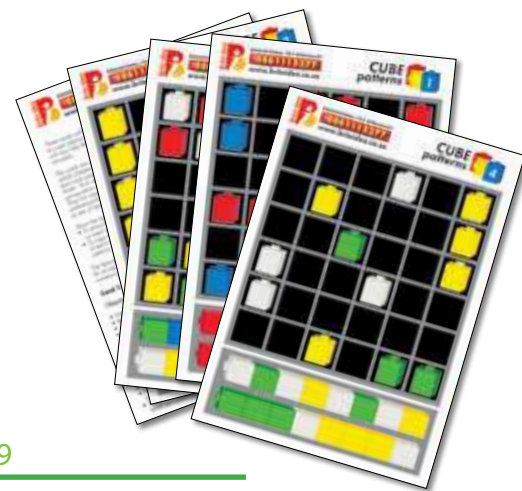

Our activity-filled center features irresistible elephant manipulatives with a variety of attributes giving children fun, hands-on practice with sorting, patterning and counting! The center includes 4 illustrated activity mats, plus 36 easy-grip elephants in 3 sizes and 4 colors. Children just place the animals onto each mat as they practice copying and extending patterns, counting to 20, and sorting by size or colour!

BI2001

COUNTING CUBES AND CARDS(200 CUBES)

The cubes can be manipulated and are used with a set of cube pattern cards to learn number conservation and number correspondence. Set of 200 cubes.

BI2579

CUBE PATTERN CARDS

Set of 16 cards used with counting cubes will teach learners how to count objects, know their colours and grasp basic number concepts.

BI2003

ONE TO TEN COUNTING CANS

Colourful, familiar fruits and veggies introduce early math and are great for imaginative play too! Teach counting, number recognition and sorting. Cans are labeled with numeral, word and picture for extra support. Reinforce everyday vocabulary and fine motor skills. Includes 55 plastic fruits and vegetables, 10 cardboard cans with lids and Activity guide.

BI2383

BRITE IDEA MATHS COUNTERS LIBRARY

Hands-on counters make math concepts easy to grasp with hundreds of kid-pleasing objects for students to count, measure, compare and sort! Library includes all 6 sets shown, for a total of 762 counters; each set comes in a sturdy plastic jar and includes an activity guide. Sets also sold individually.

SET OF
762 PIECES

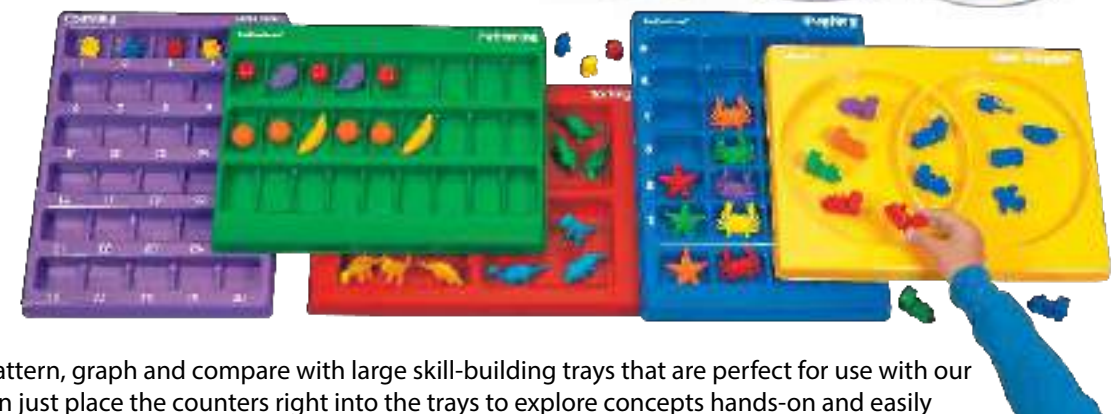

BI2384

BRITE IDEA HANDS ON MATHS TRAYS

Children sort, count, pattern, graph and compare with large skill-building trays that are perfect for use with our Math Counters! Children just place the counters right into the trays to explore concepts hands-on and easily keep the pieces in place as they work! Complete set includes all 5 sturdy plastic trays shown (math counters not included). Trays also sold individually:

ARRIVAL

BI4210

LEARNING MATHS BEGINNER ABACUS

Learn maths with this educational toy in a fun way. Made of solid wood beads and metal device in a sturdy structure. Encourages the creativity and hand-eye co-ordination skills of children.

BI0001

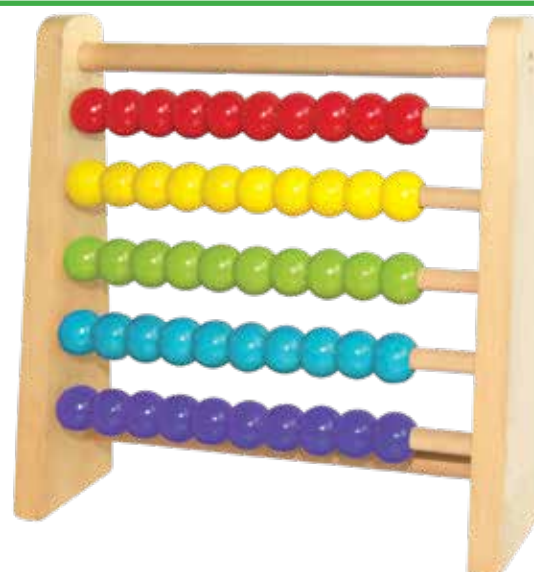

DEMO ABACUS

Wooden Abacus with 100 wooden beads in 5 colours, red, yellow, orange, blue and green. Size: 265 x 280 x 75 mm.

BI0002

LEARNER ABACUS

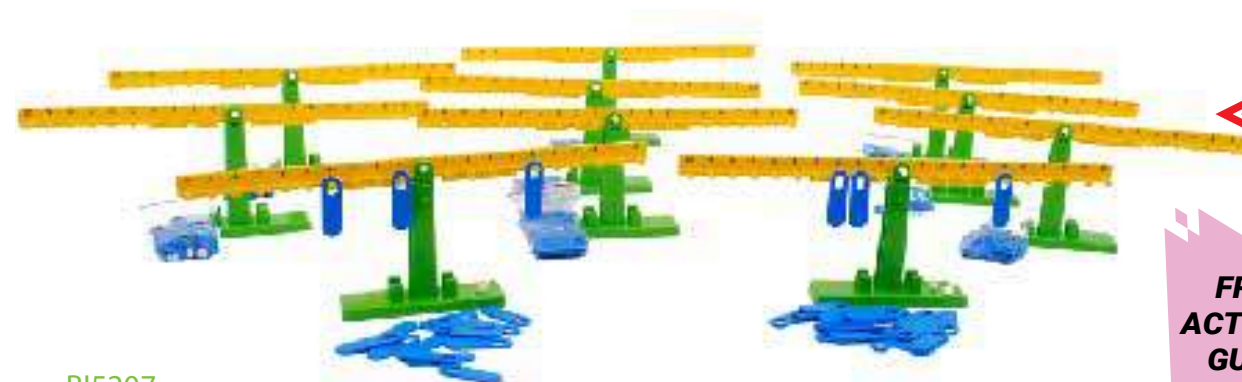

Wooden Abacus with 50 wooden beads in 5 colours, red, yellow, orange, blue and green.

BI5446

FLAT ABACUS

Plastic Abacus with 120 plastic beads.

GUIDE

BI5205

BASEBOARD FOR 2CM LINKING CUBES

A pack of five plastic baseboards for 2cm Linking Cubes. Linking cubes sold separately.

BI5357

MATH LINKING CUBES (2CM)

Ideal for hands on learning of a range of numeracy concepts, including counting skills (1 -100), grouping, patterning and sorting, as well as developing fine motor skills. The plastic cubes come as 10 sets of 10 colours and link to each other on all sides. Each cube features different geometric shape cut outs for additional patterning or sorting activities. Includes activity guide.

BI5204

BASE TEN SET

The Base Ten Set helps illustrate the relationships between units, tens, hundreds and thousands and can help children visualise numbers when learning basic addition, subtraction as well as multiplication and division in 10s. Each block is marked in centimetre squares to highlight how each unit relates to it. Contents: 100 x 10mm yellow cubes, 10 x 100mm green rods, 10 x 100mm blue flats, 1 x 100mm red block.

**BEST
SELLER**

BI2387

STACK AND COUNT LAYER CAKE

This stackable treat makes early math a party! Each of 10 layers features countable decorations and a different colored numeral (1-10) to support number sense, number recognition and sequencing. Colour-coded chocolate and vanilla layers introduce odd and even numbers. Invites imaginative play with fun party theme. Durable plastic layers wipe clean and nest for storage.

BI0005

STACKING BLOCKS

Set of 6 colourful wooden blocks printed by hand with animals, vehicles, fruits and numbers can be stacked and nested. Ages 2+.

BI0336

COUNTING BOX

Chunky manipulatives to help learners get an instant grasp of early math concepts.

BI2580

SA MONEY SET

A set of play South African notes and coins. Learn about money, counting, saving and our local currency.

BI0006

STACKING CUPS

Consists of a set of 9 brightly coloured cups.

BI3500

FOAM NUMBER DICE SET OF 144

Our big tub of 144 dice features numeric and dot representations of numbers 1-6.

**SET OF
144**

BI0028

ECD DICE

Set of 4 chunky plastic dice to teach and explore number dots, numerals, shapes and colours.

BI3499

**MATHS
DICE TUB**

Our tub is packed with 90 dice in a variety of styles, including polyhedron dice in 5 different shapes, number dis, dot dice, fractions, operations signs and even blank dice! Comes with a guide.

BI5225

EARLY YEARS COLOUR RESOURCE KIT

Bumper pack of over 630 translucent acrylic colour resources and laces, ideal for using on a light panel for early investigation and exploration of colour, shape, pattern, counting & sorting, fine motor skills, construction and creative play. Includes convenient storage container and activity guide in 7 languages. Set includes:

- 40 Translucent Colour Blocks in 5 colours: 10 rectangular prisms, 5 bridges, 5 cylinders, 10 cubes & 10 triangular prisms.
- 90 Translucent Module Blocks in 6 colours: 48 square blocks, 24 rectangular blocks, 12 curved blocks, 6 triangular blocks.
- 72 Stackable Translucent Buttons in 6 colours: 18 each of circles, squares, stars and hexagons.
- 108 Translucent Jumbo Lacing Beads in 6 colours: 3 each of 6 different shapes in each colour.

BI5221

A3 LIGHT PANEL

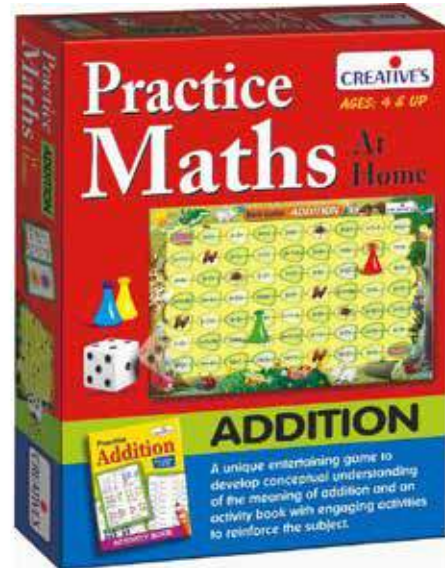

Our LED light panels are an essential and versatile cross-curricular resource. With a new anti-trip magnetic connector and 3 light level settings they provide a cool, clean, bright illuminated background and are ideal for the investigation of light, colour and shape, or for focused group work in a wide range of subjects. Slimline and with rounded edges, the panels are tough, portable and easy to wipe clean. Simple operation with a lock function to prevent them being turned off unintentionally.

BI5222

A2 LIGHT PANEL

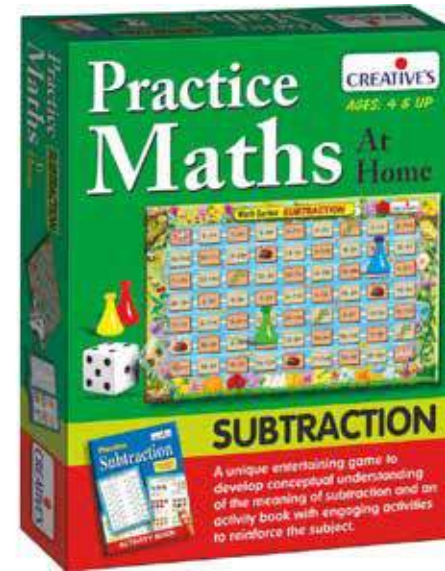

Our LED light panels are an essential and versatile cross-curricular resource. With a new anti-trip magnetic connector and 3 light level settings they provide a cool, clean, bright illuminated background and are ideal for the investigation of light, colour and shape, or for focused group work in a wide range of subjects. Slimline and with rounded edges, the panels are tough, portable and easy to wipe clean. Simple operation with a lock function to prevent them being turned off unintentionally.

BI3445

PRACTICE MATHS ADDITION

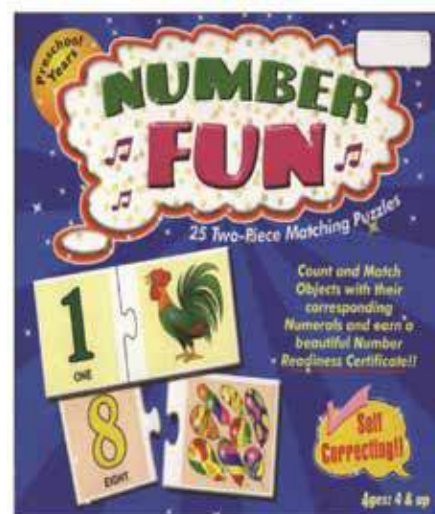

Practice Maths- Multiplication designed to help children succeed in mathematics using this innovative and interactive series. The Activity Book comprises different levels of fun interactive activities so that each can learn at his/her own pace. To reinforce the concept children will play "Math Garden Multiplication" game and will have a fun learning experience in revising Multiplication problems of different levels. A perfect resource for practice at home and school. It includes: Activity Book, Play Board, Play Pieces and Play Rules.

BI3448

PRACTICE MATHS SUBTRACTION

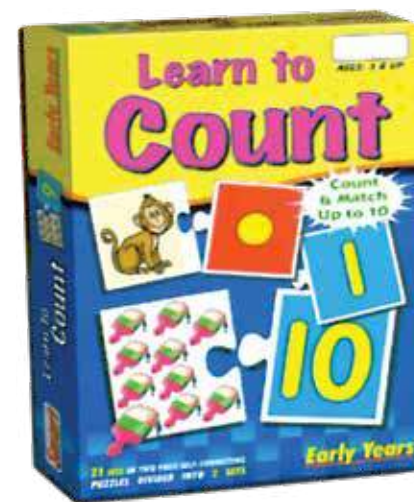

Practice Maths-Subtraction has been designed to provide a fun learning experience to young ones for better reinforcement of mathematics skills. The game comprises a Play Board, Play Pieces, Play Rules and an Activity Guide. Players move through the Play Board using the dice and practice their subtraction by giving correct answer for the problem given on the space on which they land. The interactive activities given in the Activity Book help children to do more practice at their own pace. Playing "Practice Math-Addition" is a perfect resource for children to develop their mathematical skills at home.

BI1933

NUMBER FUN

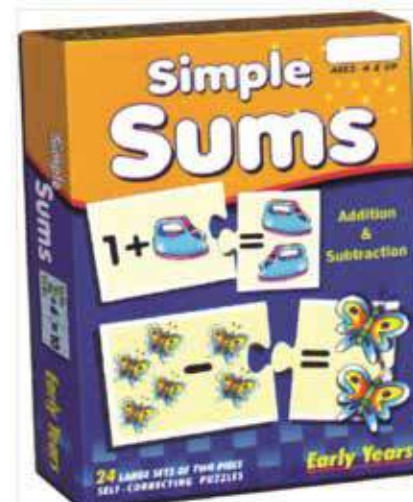

Count the objects and match them with the corresponding numerals. Includes 25 self correcting 2 piece puzzles.

BI1995

LEARN TO COUNT 1 -10

Children will learn to count to 10 by matching objects, dots and numerals. The 3 piece self correcting puzzles provide a fun way to learn to count through play.

BI1997

SIMPLE SUMS

A fun introduction to addition and subtraction. Count, add and subtract objects or numerals while discovering simple arithmetic facts.

**CLASS
PACK!**

**NEW
ARRIVALS**

**SET OF
500**

BI5224

EARLY YEARS MATHS RESOURCE KIT

A bumper pack of nearly 500 translucent acrylic colour maths resources and laces, ideal for using on a light panel for exploring mathematical topics such as shape and attributes, counting and sorting, pattern and sequence, all whilst developing fine motor skills and inspiring creative play. The translucent resources come in 6 colours as well as clear, providing an engaging means for children to learn about primary and secondary colours, as well as colour-mixing effects. Includes convenient storage container and activity guide in 7 languages. Set includes:

- 72 Translucent Lacing Geometrics in 6 colours: 6 each of flowers, hexagons, triangles, circles, hearts, rhombi, octagons, squares, 9-point stars, pentagons, rectangles and 5-point stars.
- 90 Translucent Hollow Pattern Blocks in 6 colours: 15 each of hexagons, triangles, rhombi, squares, regular and irregular quadrilaterals.
- 12 Translucent Cubes in 6 colours: 4 each in large, medium and small sizes.
- 12 Translucent Geometric Shapes in 6 colours: sphere, semisphere, cube, cone, triangular-based pyramid, square-based pyramid, triangular prism, 2 rectangular prisms, pentagonal prism and hexagonal prism.
- 300 Translucent Stackable Counters in 6 colours: 50 in each colour.
- 12 Laces in 4 colours.

BI5223

ROUND LIGHT PANEL

Our LED light panels are an essential and versatile cross-curricular resource. With a new anti-trip magnetic connector and 3 light level settings they provide a cool, clean, bright illuminated background and are ideal for the investigation of light, colour and shape, or for focused group work in a wide range of subjects. Slimline and with rounded edges, the panels are tough, portable and easy to wipe clean. Simple operation with a lock function to prevent them being turned off unintentionally.

BI5237

ASSORTED LARGE BUTTONS

A big, colourful assortment of buttons in various shapes and sizes. Supports the following areas of learning:

- Physical Development - motor skills
- Maths - counting & sorting
- Maths - shape
- Understanding the World - colour

20 NUMBER AND OPERATIONS

$$8 + 6 = 14$$

$$6 - 2 = 4$$

BI2008

MATHS SKILLS WITH BEADS

Math Skills with Beads contains 64 beads in four colours and four shapes, four thick laces, 28 number and symbol tiles and an activity guide. As the child uses the materials to sequence numbers and makes patterns with shapes and colours, it enhances his/her eye-hand coordination, fine motor skill, learns sequencing and pattern building. The child may learn pre-number skills through sorting by colour, sorting by shape, one-to-one correspondence and pattern making and learn the number skills through counting, matching numerals, comparing sets, addition and subtraction.

BI2009

MATHS SKILLS WITH TILES

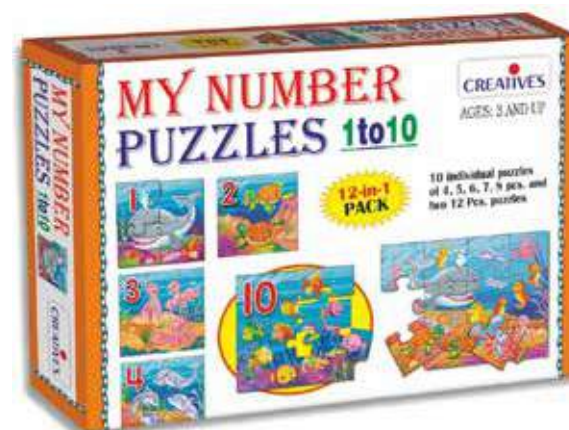

Math Skills with Tiles contains 60 tiles in 4 colours, a counting board, 28 number and symbol tiles, a dice and an activity book. The combination of different activities given in the Activity Book make children understand and practice basic pre-number and number skills. The child may learn Pre-number skills through sorting by colour, one-to-one correspondence and pattern making and Number skills through counting, matching numerals, comparing sets, sequencing, addition and subtraction.

BI0037

NUMBER BINGO

Put a fresh spin on learning numbers and practicing counting from 0 to 10. This game can be played in small groups and will help to show children the fun side of learning numbers.

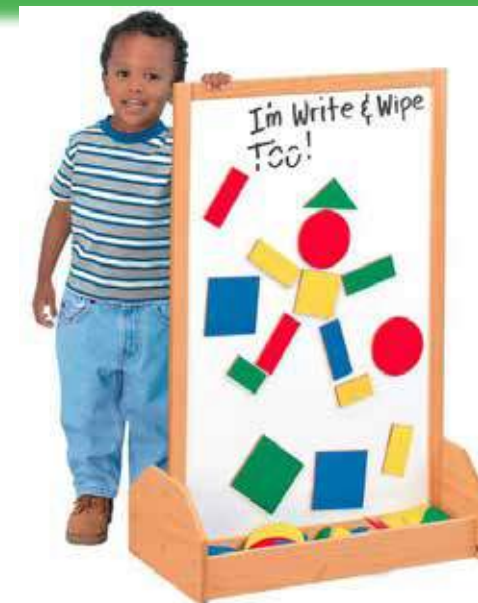

BI3440

MY NUMBER PUZZLE 1-10

My Number Puzzles 1 to 10 helps children to recognize and count numbers from 1 to 10. There are 10 different puzzles, one for each number having 4, 5, 6, 7 and 8 pieces. Using these puzzles by Creative's the child identifies and matches each number with the corresponding object/s and improves his/her tactile and problem solving skills while learning to count from 1 to 10.

21 SPACE AND SHAPE

BI3336

STAND OUT MAGNETIC DESIGN CENTRE

Our magnetic write and wipe center is so big, kids can stand side by side as they create! The double-sided design board has two giant magnetic write & wipe surfaces, plus a super-sturdy wood base that easily stores tons of magnetic pieces (sold separately). Easy assembly.

BI3337

JUMBO MAGNETIC DESIGN SHAPES

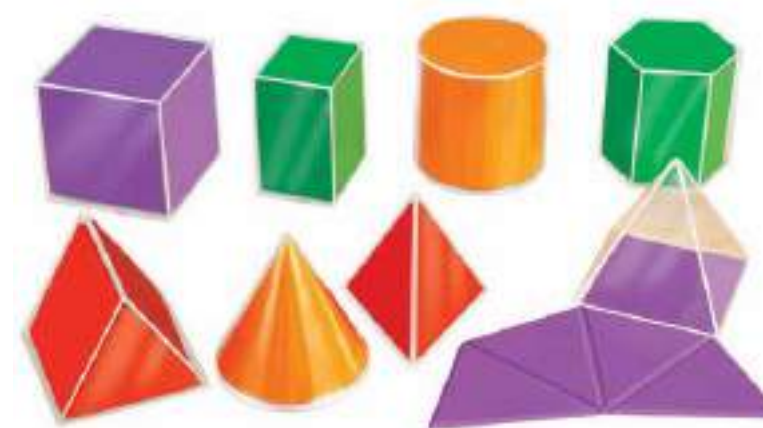

Create colourful designs and patterns on any magnetic surface! Our set includes 40 giant wooden magnets in 10 different shapes, including circles, squares, rectangles, triangles and more. Large squares measure 4. Board sold separately.

BI0016

SHAPE BUCKET WTH SHAPES

Learners manipulate the molded plastic shapes (7 unique shapes) through the matching openings.

BI3299

FOLD AND LEARN GEOMETRIC SHAPES

Students gain a unique understanding of area, nets, symmetry and more with hands-on shapes that make geometry concepts easy to grasp! Our set includes 8 transparent, 3-D geometric forms each labeled with its name plus 8 flat plastic nets with easy-fold creases that let you fold them up and fit them inside. As students explore the shapes in solid and flat form, they learn to visualize the difference between 2-D and 3-D shapes, calculate surface area, explore volume and more.

BI3287

3-D GEOMETRIC SHAPES TUB

Beginning geometry learners get a hands-on introduction to solid forms...with our jumbo tub of 3-D plastic shapes! The 80 pieces include 10 each of 8 different shapes from cones, spheres and cylinders to cubes, pyramids and more.

SET OF
80

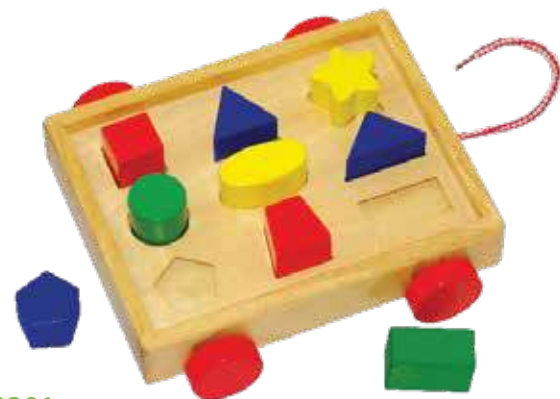

NEW
ARRIVAL

BI5215

JUMBO COLOUR MIXING SHAPES

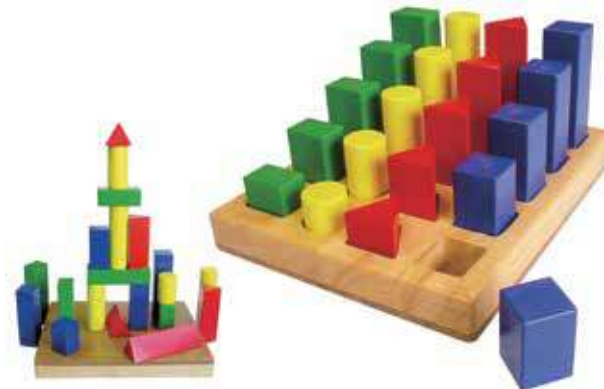

6 giant shapes made from colourful clear 3mm acrylic. Colours are pink, blue, yellow, green, purple and orange, shapes are square, rectangle, circle, triangle, pentagon and hexagon. Use for shape and colour recognition, for colour mixing, using as templates, and to support mathematical development. Ideal for use on a light panel and the shapes come with a 2.5mm hanging hole at the top balance point.

BI0301

3D SHAPE SORTING CART

Wooden pull cart. Learn 4 basic colours & 9 basic geometric shapes by placing these quality blocks made of solid wood into their correct shape hole.

BI0077

SHAPE SEQUENCE BLOCKS

BI0014

GEOMETRIC BUTTONS WITH LACES (81 PCES)

A set of 81 large geometric shaped buttons and 3 laces suitable for threading, counting, sorting, classifying, sequencing and colour recognition. Also helps with hand eye co-ordination.

BI3510

GEOMETRIC STACKER

Stacking and matching blocks made of high quality solid wood. In different sizes, shapes and colours gives children hours of fun. Age 2 years plus. Includes 25 Wooden Blocks and a Base.

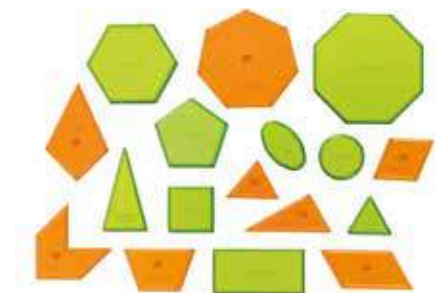

BI0011

EDUCATIONAL BLOCKS 40 PIECE

BI2021

3D SHAPES

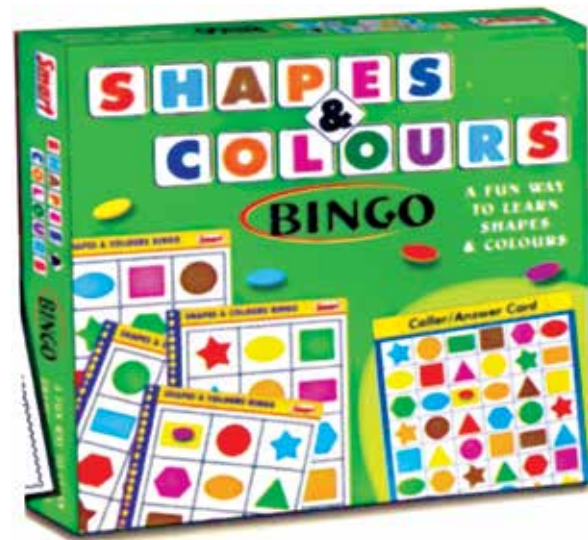

An assortment of 3D shapes designed for hours of play and interactive learning.

BI4894

GEOMETRIC TRACER SET

The shapes have angled edges for 2-D tracing or making networks to draw 3-D models. Each shape is named, and wherever possible, they have common 5cm sides. Comprises 17 transparent elements, made of plastic.

BI2024

SHAPES AND COLOURS BINGO

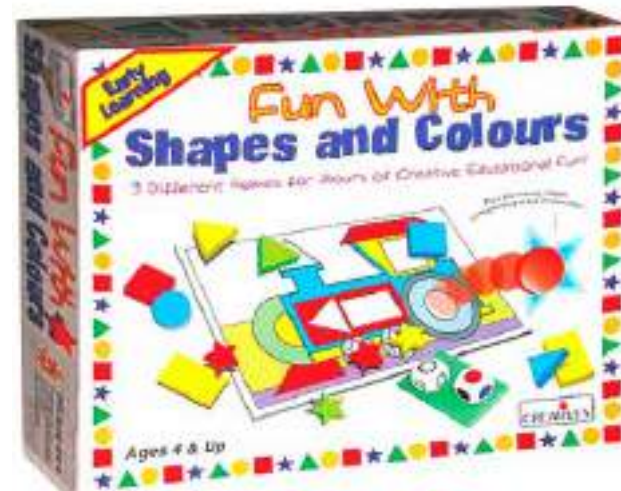

Learn to recognise the basic geometric shapes and to distinguish between the basic 10 colours. Great to develop observation, visual matching and perception skills. Activity guide included.

BI2030

SORT AND MATCH

Sort and Match consists of 31 sets of two identical picture cards and three double-sided classification cards. These classification boards enable the child to classify things and objects they have learned. It is also a memory game where children flip over two different cards to discover and match pictures of identical animals, fruits/vegetables and other things. This way, the child enhances his/her own classification, problem solving and visual discrimination skills.

BI2025

FUN WITH SHAPES AND COLOURS

Fun with Shapes and Colours is an interactive game that allows children to be able to recognize colours and shapes simultaneously. There are 4 colourful Play Boards with empty spaces of different shapes. The game offers three different ways to reinforce the knowledge of colours and shapes. This way Creative's game indulges children for hours of fun and play while enhancing their eye-hand coordination and tactile skills.

BI2031

FUN WITH SIZES

Fun with Sizes contains 16 sets of 3 piece self-correcting Puzzles, 3 Play Boards, 21 Item Cards and an Activity Guide. Using the 16 sets of 3 piece self-correcting puzzles, the child is required to match different objects according to their sizes; small, medium and large and also plays the memory game. The players thus recognise, sort and place different clothing on the play board of the respective sizes. The activity guide has many activities that can be done using these links to help children to learn about concept of sizes and ability to sort and much more. In this game children.

BI4043

LEARN MY SHAPE MAGNETIC BOARD SET

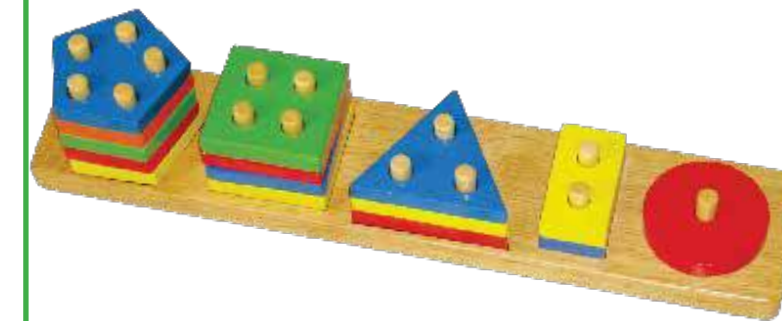

Kids boost fine motor skills as they explore 3 different shapes. Tots simply hold the securely attached, easy grip magnetic wand to guide the ball, reinforcing shape recognition as they trace a square, triangle and circle. Each board is durable and super safe.

BI0012

SHAPE BLOCK PUZZLE

9 hand-crafted geometric blocks each divided differently. 9 colourful painted blocks. Learn shape and colours as you play with the extra thick wooden pieces for a toddler to easily grasp. Suitable for 18 months and older.

BI0015

GEOMETRIC BLOCK SORTER

Wooden Geometric Block Sorter. 1 circle, 2 rectangles, 3 triangles, 4 squares and 5 hexagons, with wooden base to sort them onto.

BI3509

MAGNETIC SHAPE KIT

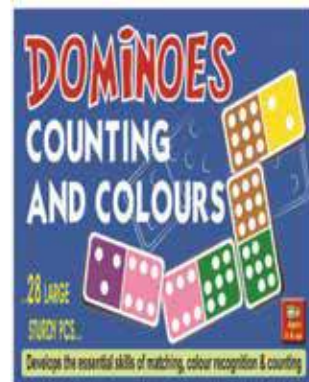

Kit contains 42 piece magnetic block in different shapes and colours with 12 cards and 24 patterns. Children can build figures based on the cards provided or create new ones from imagination.

BI4895

COMPARATIVE FIGURES

48 Pieces in 4 shapes, 3 colours, 2 sizes and 2 thickness. Maximum side: L 8cm, thickness 0.6cm, box size: 19 x 17 cm

BI0031

DOMINOES (COUNTING AND COLOURS)

Dominoes-Counting and Colours contains 28 large and sturdy pieces showing different number of dots on different colours. Each domino card is divided into two halves, making two squares. Both the squares having different number of dots printed on different colours. The child is required to count and match each square of a domino with the same number of dots and colours. The game can also be played – by matching same numbers of dots irrespective of colours or matching colours irrespective of number of dots. Since children match the cards as per the colours or the number of dots on them, it enhances their problem solving skills while learning to count and develop eye-hand co-ordination.

BI3455

FUN WITH BEADS

Fun with Beads contains 80 beads in different colours and shapes and four thick laces. With the help of the provided material, children are engaged in different activities that enhances their eye-hand coordination and fine motor skills. A child may learn number skills through counting, counting by groups, sorting by colour, sorting by shape, one-to-one correspondence and pattern making. Fun with beads also develops gross motor and necessary mental skills of the child.

BI3443

LINKS AT PLAY

Links at Play provides Kin-aesthetic Learning by allowing children to touch, pick up, fix and handle the links while counting, comparing, measuring or adding. It contains 30 coloured plastic links and an Activity Booklet. The activity booklet has more than 25 activities that can be done using these links to help children to recognize colours, numbers, simple numerical calculation, recognize patterns and much more.

BI0040

SHAPE MATCH

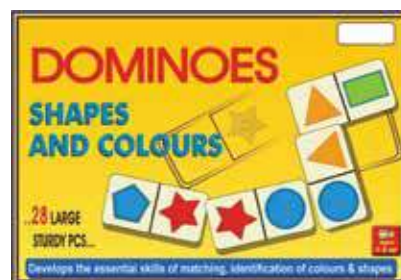

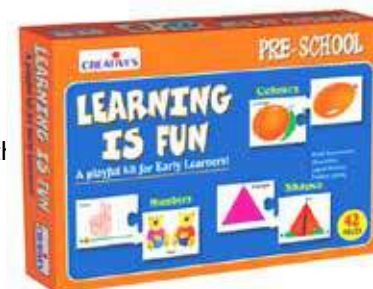

Shape Match by Creatives is an exciting and interactive game that helps children to learn about some basic geometrical shapes. Children learn to recognise shapes while developing his/her problem solving and visual discrimination skills.

BI2086

LEARNING IS FUN

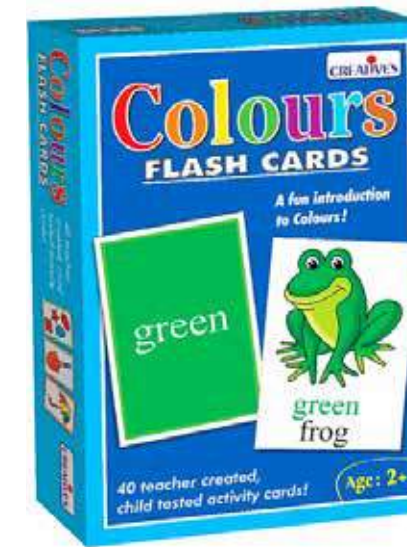

Learning is Fun by Creative's is an introduction to colours, shapes and basic numbers with the help of 42 cards. Children learn about basic colours, shapes and numbers from 1 to 10 while practicing their observation skills and improving problem solving skills.

BI0030

DOMINOES SHAPES AND COLOURS

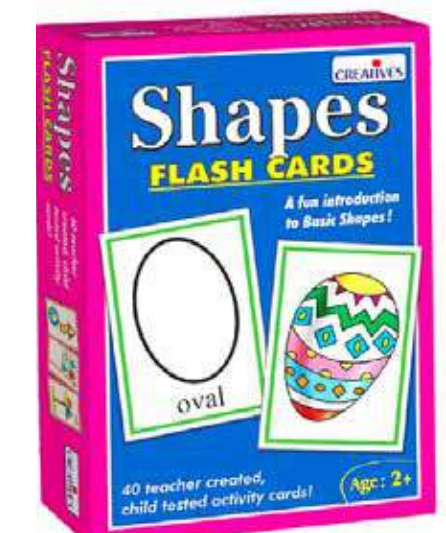

Dominoes-Shapes and Colours consists of 28 large pieces showing different shapes in different colours. Each domino card is divided into two halves, making two squares. Both the squares have different shapes in different colours. The child is required to match each square of a domino with the same shape and colour. The game can also be played matching same shapes irrespective of colours or matching same colours irrespective of shapes. Since children match the cards as per the colours or the shapes on them, it enhances their problem solving skills and eye-hand coordination while learning to match the dominoes.

BI2029

COLOUR FLASH CARDS

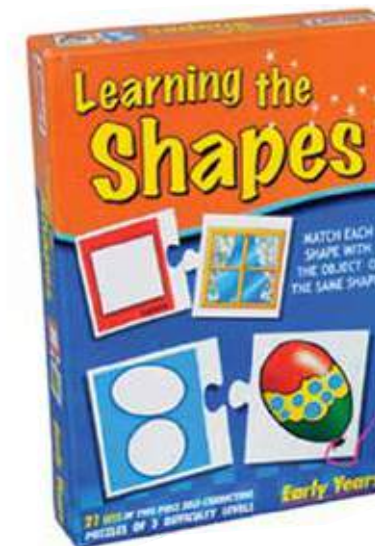

In Colours Flash Cards the child learns to recognize and distinguish between various colours with the help of the flash cards. It comprises 40 cards showing different colours and various things and objects having those colours. The child needs to associate the objects with corresponding colours to reinforce the concept and the knowledge of different colours with the help of different activities.

BI2022

SHAPE FLASH CARDS

Shapes Flash Cards is an introduction to some of the important geometrical shapes. The game comprises 40 cards with different geometrical shapes and shaped objects and things representing these shapes. This enhances their eye-hand coordination, tactile and problem solving skills as they associate the object cards with the corresponding shape cards having those shapes.

BI2019

LEARNING THE SHAPES

Learning the Colours is a set of 21 two piece self-correcting match-ups. The game has been designed to help children recognize and practice important shapes. The child is required to observe the Object Cards, one – by- one, name the shape/shapes that are present in the object and then match the corresponding shape card that comprises those shapes, starting from Level-1.

BI2032

SMALL TO BIG

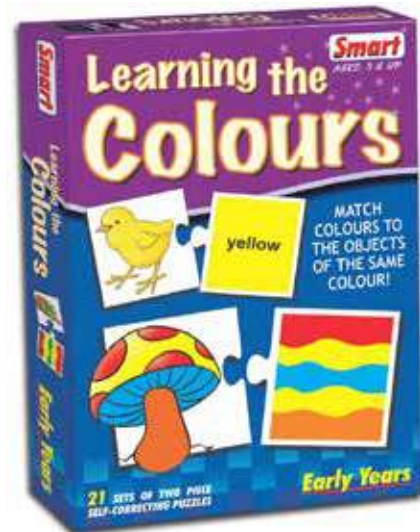

Children are sure to learn the concept of size when they match small, medium and large sizes of similar objects. They discover how some things in our day to day life look the same but come in different sizes.

BI3450

BRIGHT BUTTONS

Bright Buttons contains 48 plastic buttons in 6 shapes, 4 laces and an Activity Book explaining different activities that are organised in a developmental sequence moving from pre-number skills to number skills. This way Bright Buttons by Creative's helps the child in building a strong foundation for mathematics. A child may learn pre-number skills through sorting by colours or shapes, one-to-one correspondence, stringing and pattern making. Whereas, the child learns the number skills through counting, matching numerals and number relationship. As the child uses the materials to make patterns and other interesting designs using different shapes and colours, it enhances his/her hand-eye coordination, visual discrimination, sequencing and pattern building skills. The game can be used for solo games, group games and classroom games.

BI2028

LEARNING THE COLOURS

Learning the Colours is a set of 21 two piece self-correcting match-ups. The game has been designed to help children recognize and practice important colours. The child is required to observe the Object Cards, one-by-one, name the Colour / Colours that are present in the object and then match the corresponding Colours Patches card that comprises those colours, starting from Level-1.

BI3449

COLOUR & SHAPE SORTER

Creative's Colour and Shape Sorter is a fun and interactive game to learn and reinforce the knowledge of geometric shapes and colours through different step-by-step activities. It has a plastic abacus stand and 64 beads of 8 important shapes and colours. The child may sort the beads (a) by shapes irrespective of the colours, and (b) by colours irrespective of the shapes. This way the child will learn and reinforce the knowledge of shapes and colours. The child may also use these beads to make different patterns. The game also has an Activity Book explaining various step-by-step activities that can be done using the abacus stand and the beads.

BI0034

COLOUR MATCH

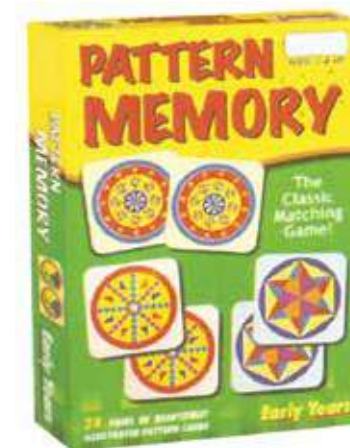

Colour Match is a set of 28 two piece self-correcting match-ups. The game has been designed to help children to understand the concept of colour. The child is required to observe the object cards one-by-one, name the colours that are present in the object and then associate it with the corresponding colour patches card that comprise those colours. Thus, this game by Creative's helps children to recognise colours while developing their matching, problem solving and visual discrimination skills.

BI2016

PATTERN PLAY

Pattern Play helps children to understand patterns as they create various patterns while playing. The pack includes 28 pattern cards, 7 design cards, 168 tiles in 2 shapes and 4 colours, spinner, plastic tray and a grid sheet. Children first copy and cover Design Cards one-by-one with tiles of shapes and colours according to the spin of the Spinner. Cards gradually progress in difficulty, helping children explore patterning, symmetry and sequencing. After copying the given patterns, they can create their own designs using the given coloured tiles to enhance their creativity, visual skills and spatial perception.

BI2017

PATTERN MEMORY

Pattern Memory contains 24 sets of two piece identical cards and an Activity Guide. In this game, children are required to look at different patterns carefully, find and match two cards of identical patterns. It helps the child to improve concentration and retention as the child needs to remember the placement of already revealed cards. Thus this product by Smart is an excellent way to improve observation, memory and visual discrimination skills.

BI2027

GEOMETRY WITH GEOBOARD

Let's Learn Geometry with Geoboard is an innovative set of rubberbands and geoboard to make children understand some basic geometric shapes. Children stretch different coloured rubber bands around pegs of 5x5 pin array Geoboard to make different geometric shapes, count their sides and corners, and measure their angles and areas. They can also make identical shapes in big and small sizes and can also change one shape into another along with completing the activities given in the Activity Book. The pack includes a double-sided Geoboard featuring a 5x5 pin array on one side and a 12 pin circular array on reverse side, 20 rubber bands and an Activity Book.

BI2026

TANGRAM

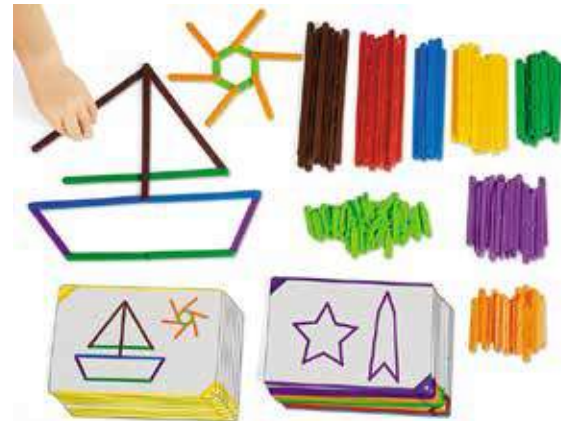

The classic chinese game of shapes. Contains 7 shapes that can be used to build hundreds of innovative designs.

BI2015

UNDERSTANDING PATTERNS

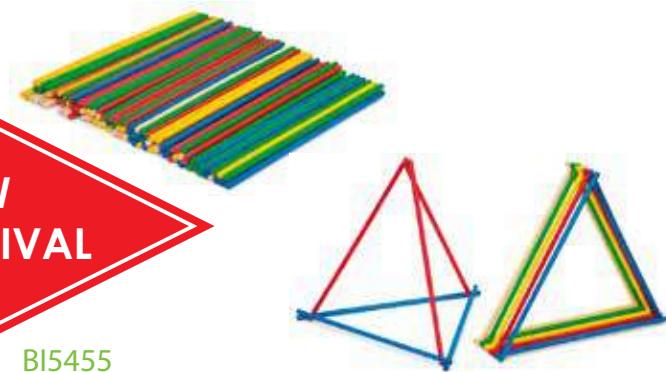

The child will sharpen patterning skills with these easy to follow pattern cards. A great way for children to understand and complete patterns while strengthening early maths concepts.

BI3511
GEOSTIX

These super-bendable, snap-together sticks are a captivating way to introduce children to early geometry concepts! The 200 flexible plastic sticks connect at lots of different points so kids can build geometric shapes with ease. Plus, we've included 20 double-sided activity cards that challenge kids to create everything from a simple triangle to a detailed street scene giving them lots of practice with color and size recognition, creative thinking, fine motor skills and more. Sticks come in 8 colours.

**SET OF
6**

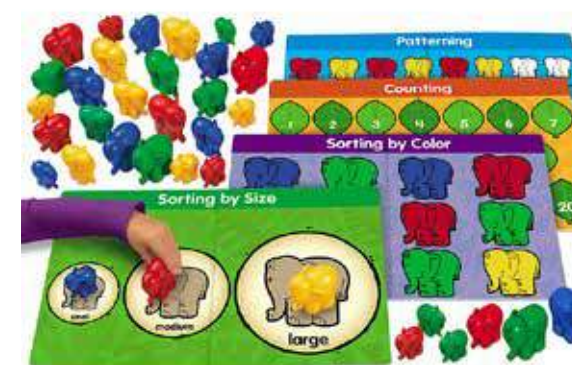

BI5213
FLOWER SORTING TRAYS

Set of 6 brightly coloured flower shaped trays, great for all counting, sorting and classifying activities and also ideal for use as a paint tray or for colour mixing.

BI5233
DESKTOP SORTING RINGS SET

Small folding sorting rings ideal for tabletop use, to help children classify and count objects. Use singularly or create Venn diagrams for sorting, comparing and attribute work. Set of 15, 5 each of red, yellow and blue.

BI3127
EARLY MATH ACTIVITY CENTER

Our activity-filled center features irresistible elephant manipulatives with a variety of attributes giving children fun, hands-on practice with sorting, patterning and counting! The center includes 4 illustrated activity mats, plus 36 easy-grip elephants in 3 sizes and 4 colors. Children just place the animals onto each mat as they practice copying and extending patterns, counting to 20, and sorting by size or colour!

BI5327

BEAKER SET

This set of 7 translucent containers holds 50ml, 100ml, 200ml, 250ml, 300ml, 500ml and 1000ml of fluid respectively. Fill containers to the specially designed fill line. Made from tough, resilient material.

**NEW
ARRIVAL**

BI2585

**HOW
MUCH
DOES IT
HOLD**

Students get an instant, visual grasp of measurement concepts like capacity and volume as they conduct simple investigations with our hands-on center! You get 24 activity cards with illustrated instructions that are just right for beginners plus 11 tools for pouring & filling from measuring cups to a bucket!

BI2389

**HOW MUCH
DOES IT
WEIGH**

Students get an instant, visual grasp of measurement concepts like heavy, light, balance and more as they conduct simple investigations with our hands-on center! You get 24 activity cards with illustrated instructions that are just right for beginners plus a balance scale to compare and contrast 40 manipulatives!

BI2034

BALANCE SCALE

Our sturdy balance scale comes with some metric plastic weights. Place objects in one pan and weights in the other to find out what the objects weigh.

BI0029

CAPACITY MEASURE

Set of 4 varying size measuring jugs/cups.

SET OF
7

BI5329

CYLINDER SET

This set of 7 translucent containers holds 10ml, 25ml, 50ml, 100ml, 250ml, 500ml and 1000ml of fluid respectively. Fill containers to the specially designed fill line. Made from tough, resilient material.

BI2586

HOW LONG IS IT

Students get an instant, visual grasp of measurement concepts like length & width as they conduct simple investigations with our hands-on center! You get 24 activity cards with illustrated instructions that are just right for beginners, plus 130 manipulative's to measure and compare!

BI5211

TRUNDLE WHEEL AND COUNTER

Makes measuring long distances easy with it's non-slip rubber tyre, multiple adjustment length handle and optional counter.

BI2390

BIG TAPE MEASURE

Tough plastic tape, an easy-grip handle and a fun, wind-up design make this jumbo tape measure ideal for kids! Inch and centimeter marks go up to 1,6m

BI5238

**1L MEASURING
CUP**

Translucent containers hold 1 litre of fluid respectively. Fill container to the specially designed fill line. Made from tough, resilient material.

BI2388

THE ORIGINAL CLASSROOM CLOCK KIT

**BEST
SELLER**

Hidden gears maintain correct hour and minute relationships as you demonstrate time-telling concepts. Color-coding supports student understanding and durable, geared clock hands are designed to last! Kit includes: Demonstration Clock, 24 Mini Clocks. Great visual aid for students as they learn to tell and write time.

BI5240

JUMBO TIMER

Large clear digital display (75 x 53mm) which times up or down in 1 second increments. Maximum time 99min 59sec. Integral stand and magnet mount with beep start / stop button. Includes information sheet.

BI3719

GIANT CLASSROOM TIMER

Our large-screen digital timer lets you view the time from anywhere in the room whether you mount it to a wall, set it on a table or stick it to a magnetic surface! Plus, the easy-touch buttons make it simple to start and stop the timer, adjust the volume and more! Requires 3 "AAA" batteries (not included)

STEP INTO SCIENCE FOR GRADE R AND ECD

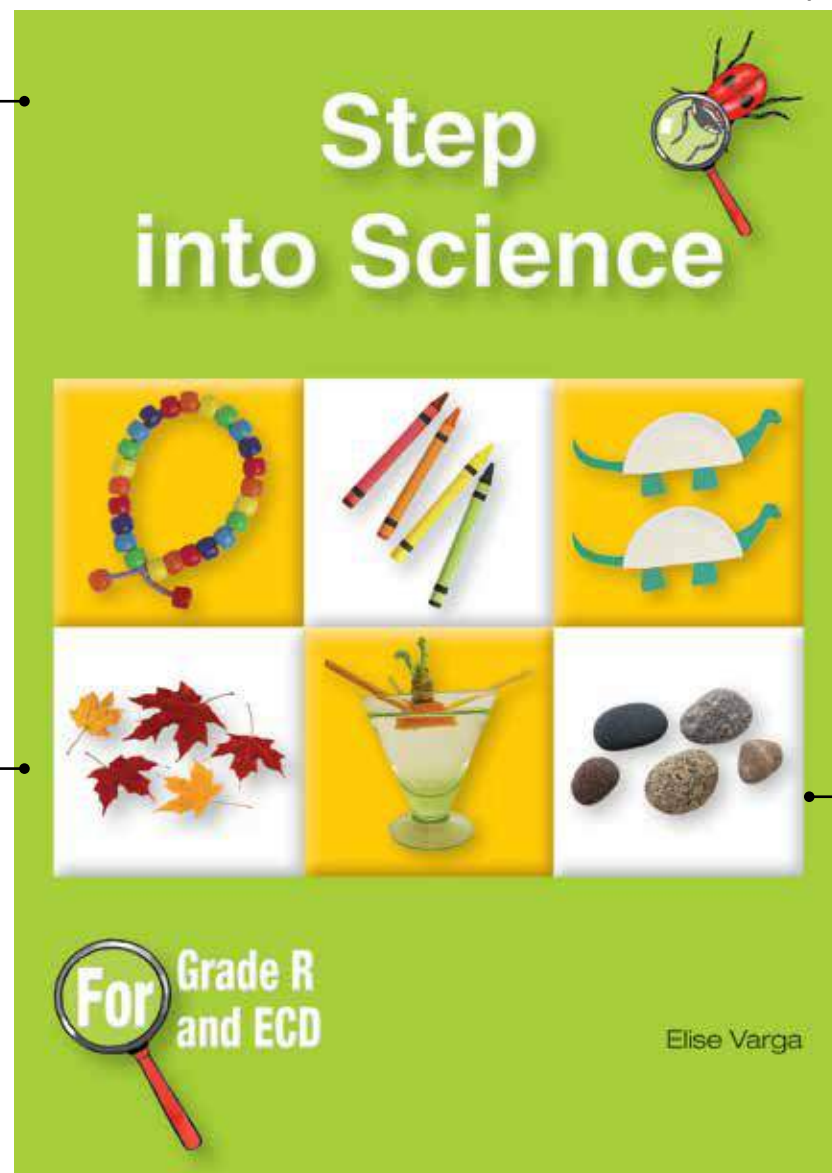

Step into Science is a new series of Science activity books. The books in this series include a range of fun activities, each based on a scientific or technological principle. You don't need to be a Science teacher to use this book – the activities are presented in a clear, easy-to-use way, listing the resources needed and the steps to follow for each activity. These features have been carefully designed to help teachers bring scientific learning into the classroom.

Links to the curriculum

The activities link to the South African CAPS topics for Life Skills. They help the learners to see that scientific or technological principles can be seen in all aspects of everyday life.

Artwork

The full-colour artwork and photos make it easy to understand how to set up each activity.

Resources

The resources listed are generally common household objects, and are easy and inexpensive to source.

Notes

Additional notes explain some scientific principles, where necessary.

Science sum up

Each activity includes a 'Science sum up', which explains the objective of the activity.

Integrated development skills

The activities list the integrated developmental skills that learners will practise through the activity.

Observation sheets

The book includes several observation sheets that teachers may copy and adapt for their own classes.

JUMBO
MAGNIFIERS
(SET OF 6)

Observe on a grand scale with our extra-large magnifiers, sized perfectly for small hands. Supports life science explorations as children observe plants, animals and insects. Features built-in stands for hands-free viewing.

BI2397

BRITE IDEA COLOUR MIXING GLASSES

**STUDENT
FAVOURITES**

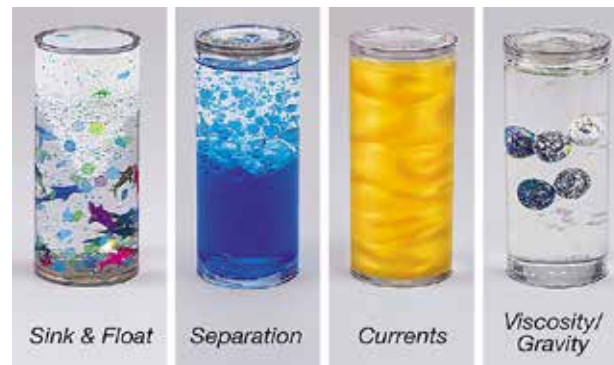

Take a look! These unique child-size glasses and interchangeable lenses let students observe the world while learning about colour. Features 8 easy-to-change lenses-2 each of red, yellow and blue and distortion lenses that let you see the world like a bug, teaches primary colours as well as mixing to make secondary colours by combining up to 2 lenses per side, allows additional instruction and kaleidoscopic fun when you use the lenses on their own. Includes colour-mixing chart. Durable plastic glasses are sized just right for children, and wipe clean with a damp cloth.

BI2998

COLOUR DISCOVERY TUBES

Watch as colors combine right before your eyes! Children shake our tubes to observe how primary colors combine to make secondary colors. And, the colored liquids have different densities, so they'll separate automatically to use again! You get three plastic, leakproof tubes.

BI2607

LIQUID DISCOVERY TUBES

Our leak-proof tubes lets kids see science concepts in action! Just flip them over to watch gravity in motion, observe how liquids of different densities separate, view water currents, learn about buoyancy and more! You get 4 plastic tubes.

BI5226

TRANSLUCENT COLOUR PADDLE SET

Translucent colour plastic paddles in primary and secondary colours, ideal for colour mixing. The larger size makes them ideal for group work as well as individual exploration.

BI5210

RAINBOW EXPLORATION KIT 18 PACK

A bumper set of brightly coloured exploration tools consisting of the Rainbow Magnifiers, Rainbow Viewers and Rainbow Tongs. The magnifiers are ideal for investigating bugs, leaves and patterns in nature - with 3x magnification. The viewers are observation pots with 3x magnification panel in the brightly coloured push on lids. Ideal for investigating natural resources up close. The tongs are colourful scoops with a clear panel on one side and scissor handles for safely capturing, holding and inspecting insects or plants.

**BEST

BI3211

SCIENCE DISCOVERY CHEST

**60
ACTIVITY
CARDS**

Students explore everything from light and color to magnetism, weather, plant life and more with a fully loaded science chest that couldn't be easier to use! It has 4 drawers packed with hands-on supplies from eyedroppers and measuring cups to magnets, magnifiers, thermometers and much more. Best of all, you get 60 activity cards colour-coded to each drawer, so you can easily find the materials for each experiment. Students just follow the step-by-step instructions to explore physical science, earth and space science, and life science hands on!

BI3325

GIANT SIGHT AND SOUND TUBES

A fascinating, hands-on way for tots to explore sight and sound! Each see-inside tube is filled with objects of different colors, weights, shapes and sizes like feathers, balls, bells and sparkly gems so kids get a variety of fun sensory experiences! Durable plastic tubes are permanently sealed for added safety. Set includes 5 tubes.

BI3216

MOTION DISCOVERY TUBES

Our clear-view tubes are a fascinating way for kids to get hands-on experience with friction, flow and speed! Each tube is designed to showcase a different aspect of motion children simply flip the tubes and watch as the angle of a track determines the speed of the balls, the size of a funnel controls flow and the smoothness of the track controls how fast or slow the balls move! You get a set of 3 permanently sealed tubes.

Our ready-to-use kits invite children to discover colour, light, magnetism and more! Each kit comes with 6 photo activity cards that let students conduct experiments on their own plus everything you need for each activity—from ramps and balls to shakers and bells. Complete set includes all 6 kits shown. Each kit also available separately.

BI2605
COLOUR CHANGING TOUCH BOARD

Children just press their hands on our colour-changing board and leave behind a surprising impression! Our heat-sensitive board changes colors as little fingers trace letters, draw shapes and more giving kids hours of delightful fine motor practice and an introduction to pre-writing. The hardwood board features an easy-grip handle and comes with a guide.

Our LED light panels are an essential and versatile cross-curricular resource. With a new anti-trip magnetic connector and 3 light level settings they provide a cool, clean, bright illuminated background and are ideal for the investigation of light, colour and shape, or for focused group work in a wide range of subjects. Slimline and with rounded edges, the panels are tough, portable and easy to wipe clean. Simple operation with a lock function to prevent them being turned off unintentionally.

INSECTS ACTIVITY TUB – FP

From exciting experiments to high-interest writing projects, our activity tub has everything students need to investigate the amazing world of insects! The tub includes 40 cards with engaging, standards-based activities covering 5 different curriculum areas: math, language, science, social studies, and arts and crafts. Plus, you get tons of ready-to-use materials for exploring concepts in depth, including 14 plastic bugs, a bug viewer, magnifier, insects flip book plus write and wipe experiment posters, vocabulary cards, writing prompts and more! Tub includes a guide with differentiated instruction strategies.

BI2608

LIFE CYCLE SEQUENCING KIT

Children get an intriguing view of 3 unique life cycles with a sequencing kit that puts science concepts right at their fingertips! Our kit highlights the life cycles of a butterfly, a chicken and a frog with 5 realistic manipulatives for each animal. Each manipulative shows a different stage in the animal's life cycle from egg to adult so children can put them in sequential order or compare one animal's life cycle to another! Kit includes 15 vinyl manipulatives.

BI3222

PLANTS MAGNETIC ACTIVITY TIN

Fascinating science concepts come to life with our all-in-one activity tin where the lid becomes the work space! Simply place an activity mat on the inside of the magnetic lid and use the corresponding magnets to explore fruits and vegetables, plus the life cycle of plants. Activity tin includes 8 activity mats, 30 magnetic manipulatives and an activity guide plus an answer card for instant reinforcement!

BI3185

INSECTS BOOK LIBRARY

Students meet giant insects, follow the adventures of a fascinating ladybug, learn how a butterfly grows and more with super-accessible books that make science concepts easy to grasp! Perfectly coordinated to our Insects Activity Tub – Gr. 1-3, our library contains 5 paperback books that help students investigate topics even further including both fiction and nonfiction titles.

STEM SCIENCE STATION – MAGNETS

Children use magnets to push cars up a ramp, move a magnetic mouse through a maze and more as they learn all about magnetism and magnetic fields! Our innovative STEM science station encourages children to learn about magnetism through hands-on exploration. It includes 8 cards that prompt students to perform simple experiments with all the hands-on materials to complete each one. Plus, the station features an engineering activity to extend the learning and build critical-thinking and problem-solving skills! Station includes a guide.

BI3367

REAL WORLD STEM CHALLENGE KIT

Kids construct a working parachute, design a leakproof roof and engineer a floating raft! Our kits were specially developed to help children think like real scientists and engineers as they explore the STEM design process and solve problems students plan, build and test their designs, then improve them until they are successful. Kits come packed with everything needed to work through 3 exciting challenges plus detailed lesson plans that make it easy to focus students learning and explain the STEM concepts behind each challenge. You even get careers cards that apply what kids are learning to the real world! Kits include everything shown.

BI3362

STEM SCIENCE STATION – SINK & FLOAT

From making a raft sink to getting a sea star to float, our innovative STEM science station is packed with hands-on experiments that help children explore and understand the science behind buoyancy! It includes 8 cards that prompt students to perform simple experiments with all the hands-on materials to complete each one. Plus, the station features an engineering activity to extend the learning and build critical-thinking and problem-solving skills! Station includes a guide.

BI3359

FAIRY TALES PROBLEM SOLVING STEM KITS

Kids engineer happier endings to fairy tales as they design a house that can't be blown down, construct a bridge that keeps 3 goats safe from the troll and build a chair even Goldilocks can't break! Our kits help children discover the STEM in their favorite fairy tales and naturally inspire them to explore each challenging situation until they find a solution! Each kit comes with a STEM-focused story card, building materials, a guide, plus student and teacher cards with lesson plans and full support. You get all 3 kits shown, for a total of 165 building pieces.

BI3363

STEM SCIENCE STATION – MOTION

Students get a hands-on understanding of objects in motion as they race carts down ramps, launch bugs toward a target and more! Our innovative STEM science station encourages children to learn about motion through hands-on exploration. It includes 8 cards that prompt students to perform simple experiments with all the hands-on materials to complete each one. Plus, the station features an engineering activity to extend the learning and build critical-thinking and problem-solving skills! Station includes a guide.

INCLUDED

BI5291

C.H.R.I.S. PLUS - CODING HOME ROBOT 1ST SET

C.H.R.I.S. follows the instructions given to him, moving forward, left and right to reach each desired destination. This is a great introduction to coding, as he moves with each command. He is totally controlled by you as you guide him on each travel adventure, while you are practising and learning some great logic and problem solving skills. The block sequence is basically programming your robot. You are telling him which way to move (literally putting the ideas in his head, or rather his helmet!).

BI5290

C.H.R.I.S. - CODING HOME ROBOT (1ST SET)

CHRIS is an interactive programming toy featuring the titular CHRIS robot, and targeted at children ages three and up. Challenges are presented at multiple difficulty levels, beginning with the basics of programming the robot. As the difficulty increases, players have the flexibility to work through different paths and see what works best, encouraging experimentation and interactive learning. In the most advanced challenges, the player has to analyze the roadblocks and constraints on the board in order to develop their own unique solution, and their problem solving skills. CHRIS turns coding into a physical, engaging game without sacrificing functionality.

LEARNING ROCKETS ALPHABET

Alphabet skills are ready for liftoff—with hands-on rockets that make language practice a blast! Each double-sided rocket features 3 easy-fitting pieces that show the upper and lowercase letter, plus 4 pictures that represent the letter sound. Kids just match up the pieces to build each rocket—boosting letter recognition and exploring letter sounds as they play! You get 26 durable plastic rockets (for a total of 78 pieces).

BI3266

ALPHABET
LEARNING
LOCKS

Here's the key to building alphabet skills! Our learning locks help kids recognize uppercase and lowercase letters and explore letter sounds. Kids simply choose a key and match it to the letter or to the picture on the lock when they make a successful match, the key will turn and the lock will open for instant reinforcement! You get 26 locks and 26 keys.

BI3342

ALPHABET BEADS

Reinforce letter recognition, alphabet sequence, spelling skills and more with our huge set of over 70 alphabet beads! The chunky 1 beads feature both uppercase and lowercase letters and they come with long, 36 laces with plastic tips for easy lacing. The 74 plastic beads come in a storage tub; with 6 laces.

BI3259

MAGNETIC
ALPHABET
MAZE

Here's an irresistible, hands-on way to explore the alphabet! Our sturdy hardwood maze has colorful balloons that represent each letter of the alphabet, plus 26 corresponding letter magnets. Kids just use the attached magnetic wand to guide each letter into place mastering letter identification and alphabet order with every match they make! The maze has a permanently sealed, clear-view top to keep letters contained.

BI3279

LAUNCH
AND
LEARN
ALPHABET
GAME

As children play our action-packed game, they push, launch, match and build alphabet skills! Children simply launch tiles from the dispenser and place them on the corresponding spots on their game mats matching upper- and lowercase letters as they play! Game includes a sturdy tile dispenser, 48 wooden tiles and 8 different double-sided game mats so kids can play again and again! For up to 4 players at once.

BI4131

DOUBLE-SIDED MAGNETIC LETTER

Our double-sided magnetic tiles stick together from every side for a fun, hands-on way to build language skills! The translucent tiles feature an uppercase letter on one side and the corresponding lowercase letter on the other, so kids can connect them to sequence the alphabet, build simple words and so much more! Set includes 48 durable plastic tiles in 4 colours with super-safe built-in magnets.

BI3331

STORYTELLER WRITING BOX

Children discover all the details they need to tell their own amazing stories every time they reach inside our mystery box! Perfect for oral language practice, boosting vocabulary, exploring story elements and more, our ready-to-use box contains 45 colour-coded prompts, each with cute illustrations of characters, locations and situations that help young storytellers get started. Children just reach in and pull out a card from each compartment of the box, then use the who, what and where they selected to tell their own original story! Box measures 380mm in length.

BI3154

NON-FICTION SEQUENCE AND WRITE TILES**LIMITED
STOCK**

Students learn to instruct, inform and persuade through writing with nonfiction tiles that guide young writers through the process! Children simply sequence the beautifully photographed tiles right on the mat then use the pictures to help them write a nonfiction passage with a clear beginning, middle and end. Each tile even has a word bank on back to help children get started! Includes 10 sequencing mats and 10 corresponding sets of tiles. With 50 tiles in all.

**LIMITED
STOCK**

BI3126

EARLY COMPREHENSION STORY WHEELS

Boost early reading skills with every turn of the wheel! Our story wheels help students develop comprehension and oral language skills preparing them to be confident readers! Children simply turn the wheel to reveal a question, review each picture in the story sequence, and use the sentence frame printed on the wheel to help with their answer. Each wheel is perfect for identifying main characters, setting and events, as well as using illustrations and details to describe key ideas. You get 25 wheels each with 4 questions on the front and answers on the back.

BI3284

SEQUENCE AND WRITE STORY TILES

Our fun-to-sequence story tiles are specially designed to get kids writing creatively as they describe the setting and characters, explain the story's plot, and more! The set includes 10 sequencing mats and 10 different sets of illustrated story tiles. Children place the tiles in order on their mat, then use the pictures to write their own story step-by-step! There are even key words on the back of each tile to get kids started. You get a total of 60 tiles.

BI3283

PHONEMIC AWARENESS FOLDER GAME LIBRARY

As children play our exciting folder games, they get hands-on, independent practice with beginning sounds, rhyming sounds, syllable counting and more! Our library features 10 self-checking folder games covering 6 essential language skills. Kids select a game and the corresponding pouch of game pieces then just follow the picture instructions for tons of skill-building fun. Plus, all the pieces come pre-cut and sorted so there's no prep work required! Library comes in a sturdy storage box.

BI4102

ROLL AND READ PHONIC GAMES COMPLETE SET

Kids get fast-paced phonics practice with every roll of the dice! Our games help children decode new words by letting them focus on short vowel sounds, long vowel sounds, blends and digraphs, or word families. Kids just roll the dice and try to be the first to build all of their words—sound by sound! Each game includes 4-8 self-checking, write and wipe activity cards, 4 write and wipe markers, dice and a dice cup. Complete set includes all 4 games shown, for a total of 28 activity cards.

BI4104

PHONICS WORD BUILDER MAGNET KIT

From prefixes and suffixes to rhymes, blends and digraphs, our language kit is packed with magnetic phonics tiles—each colour-coded according to the sound it represents. Kids stick the phonics tiles onto our magnetic board and build lots of words by sounding them out. The magnetic board even comes with upper and lowercase alphabet tiles, so children can build any word they like. You get a board and over 170 magnetic tiles.

BI3278

MAGNETIC STORY BOARD

Kids tell imaginative stories with magnetic words and punctuation marks that are color-coded by part of speech! Our sentence building board includes loads of magnetic words that stick to the board with ease, allowing children to create sentences and entire stories again and again. The 12 magnetic board comes with 190 magnets (including blank make-your-own tiles), plus an activity guide and an all in a handy storage pouch.

BI3458

STORY BOARDS

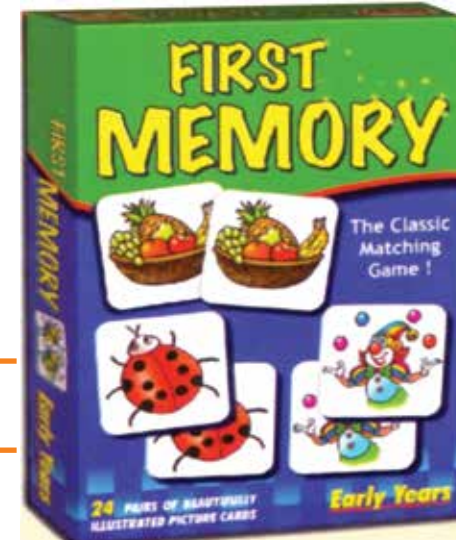

Story Boards 1 uses the beautiful illustrations to make children understand the key elements of a story; What comes first, What comes in the middle and What comes in the end. The pack contains 8 story boards having four cards each. Each board has spaces having coloured borders with blue representing the beginning, green representing the middle and red representing the end of a story. Using the cards, children visualize and understand what comes first in the story and place the card on blue bordered space on the board. Similarly, he/she identifies what comes in the middle and place two cards in the middle. They will then finally identify what comes in the end and put it on the red bordered space. After identifying and placing the cards in correct order on the boards, children can now narrate the story in their own words developing their comprehension skills.

BI2061

WHAT WILL HAPPEN NEXT?

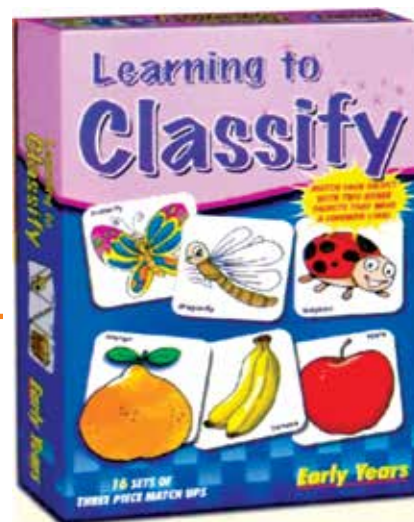

Observe, think and predict what is going to happen next while developing memory, fine motor and language skills.

BI0065

FIRST MEMORY

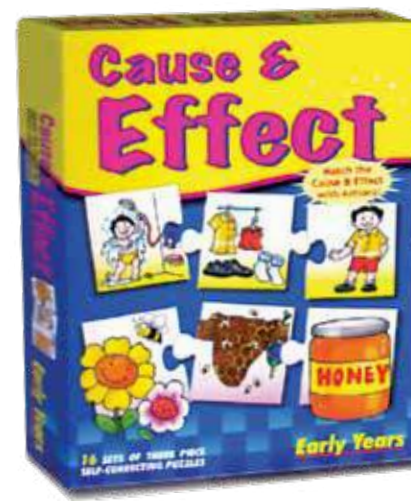

Develops: memory skills, fine motor skills, language, listening and talking skills.

BI2046

LEARNING TO CLASSIFY

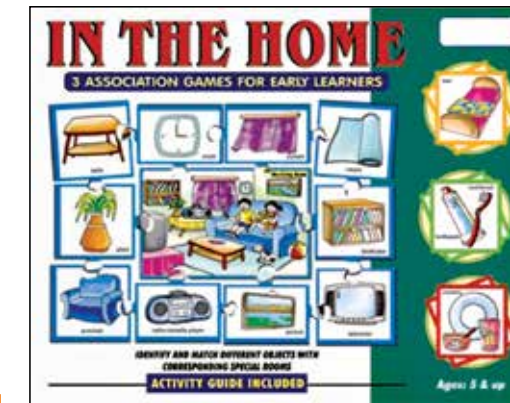

Develops: memory skills, observation, visual perception and eye-hand co-ordination.

BI2045

CAUSE AND EFFECT

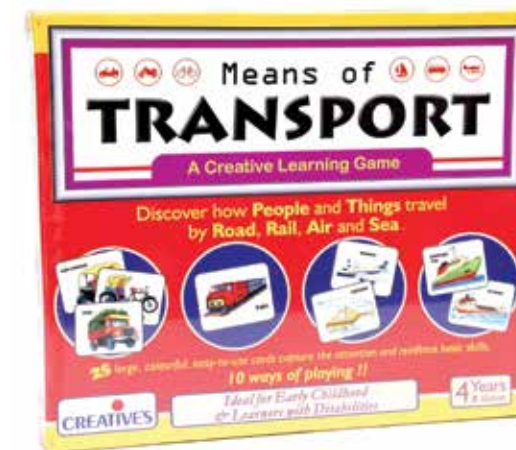

Match each object with two other objects that have a common link. Develops: memory skills, fine motor skills and language.

BI0061

IN THE HOME

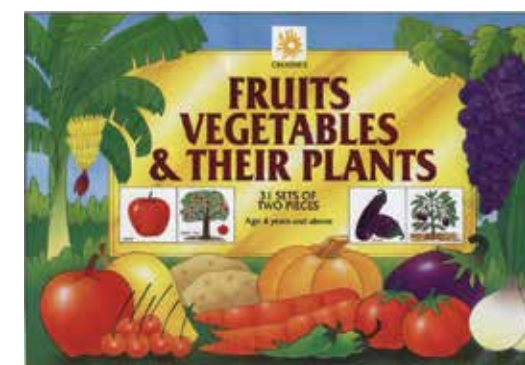

Learn names of different objects, develop hand-eye co-ordination and the power of concentration.

BI0064

MEANS OF TRANSPORT

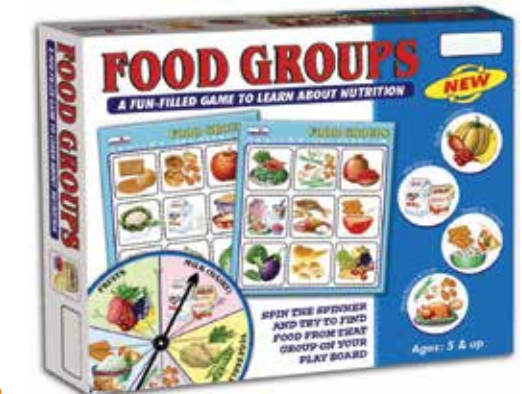

Develops basic pre-school concepts, matching and classification.

BI0052

FRUITS VEGETABLES AND THEIR PLANTS

Basic pre-school concepts, matching and classification.

BI0053

FOOD GROUPS

Learn how each food group is important and how nutrition improves power of concentration and sense of logic.

BI0054

PEOPLE WHO HELP US

Identify different tools and different occupations. Develops eye-hand coordination and develop the power of concentration.

BI2054

DAYS OF THE WEEK

Includes 2 sets of complete days of the week puzzles, a spinner and a week planner.

BI2055

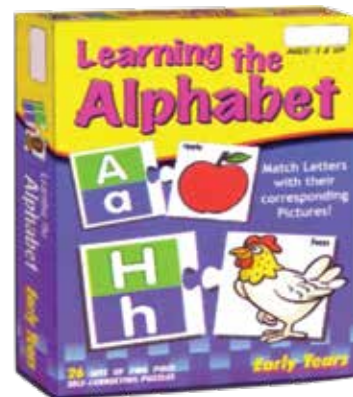

OUR FIVE SENSES

Our Five Senses enables children to identify and differentiate between the five senses. The game has five central pieces each representing one of the senses and 6 pieces of the corresponding objects for which we use that sense organ. The child is required to identify the object piece and the sense organ to which it belongs and if it belongs to his/her respective sense organ board, he/she picks up and puts up on his/her play board. As children complete their respective play boards, they learn to differentiate between the five senses while developing their visual discrimination and tactile skills.

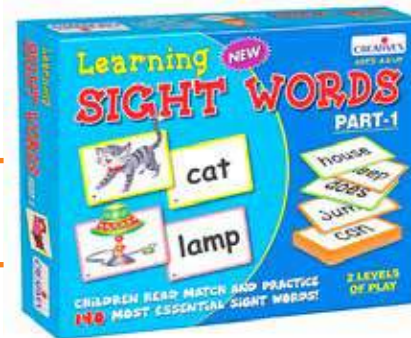

BI2042

LEARNING THE ALPHABET

Develops thinking skills, problem solving, observation, visual perception and fine motor skills.

BI3464

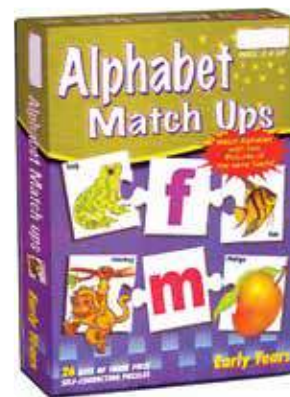

SIGHT WORD BOX

Learning Sight Words Part 1 builds reading readiness skills by helping children ages 4 and up identify high-frequency words in their reading. The words have been chosen very carefully according to their age and curriculum. The game will be played in two levels: Level 1 – With Set 1 large and sturdy cards – 28 Picture cards and 28 Word cards. In this form, children pick up picture cards one by one, recognize and name each picture, similarly they pick up each word card, read the word and match it with its corresponding picture card. Level 2 – with 56 both sides printed sturdy Flash Cards. The Child will look, recognise, read and practice most frequently used words. They may also play concentration, Fish, and Snap like games as suggested in the Activity Guide.

BI2043

ALPHABET MATCH UPS

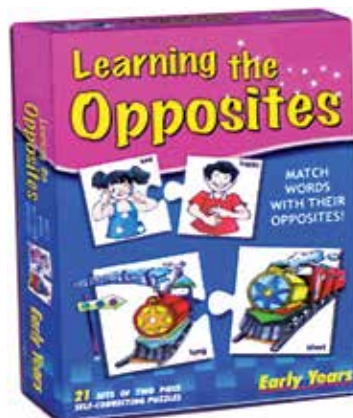

Develops early learning skills, eye-hand coordination and vocabulary. Self-correcting 3-piece puzzles include the letters of the alphabet and pictures of different objects.

BI2044

LEARNING THE OPPOSITES

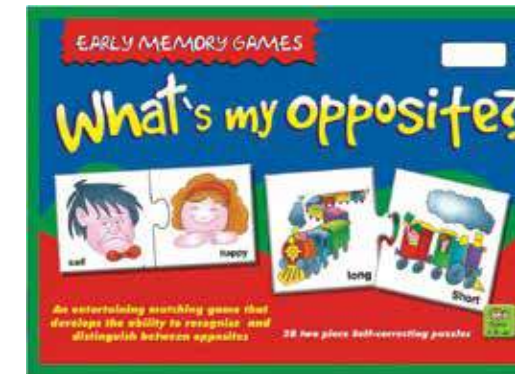

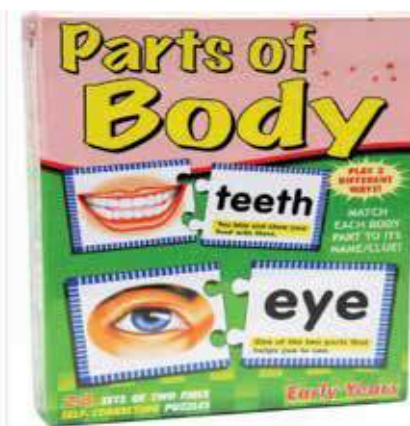

Develops: understanding concepts, memory recall, problem solving, fine motor skills and language.

BI0047

PARTS OF THE BODY

Develops understanding concepts and problem solving.

BI0197

WHAT'S MY OPPOSITE?

Children learn the concept of opposites as they match pictures of opposites with the appropriate words. Sharpens visual discrimination skills and builds vocabulary. 28 Two-piece self-correcting puzzles introducing opposites like long and short or happy and sad.

BI2050

WHAT THINGS ARE MADE OF?

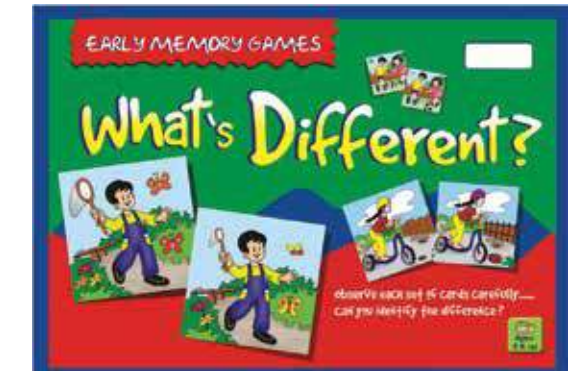

Develops: imagination and understanding about nature.

BI0051

WHAT'S MISSING?

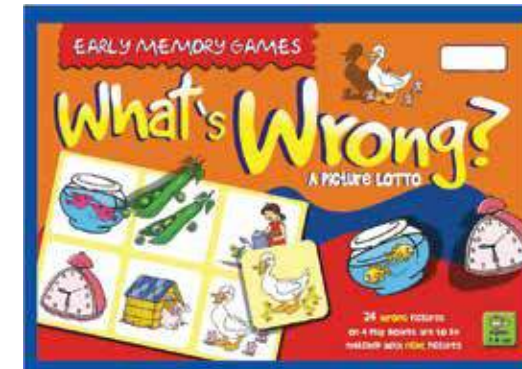

Develops: visual discrimination, logical thinking, observation, problem solving ability, association and vocabulary. The child needs to carefully identify the missing parts on the cards.

BI2051

WHAT'S DIFFERENT?

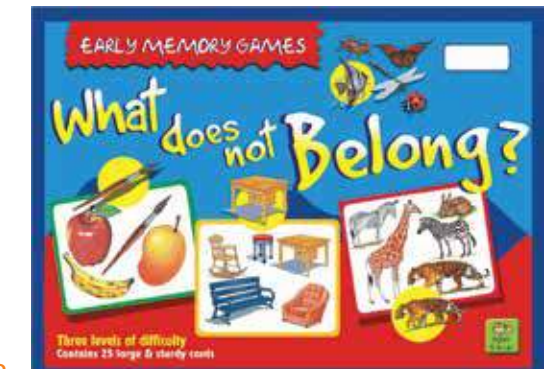

Develops: observation, problem solving, concentration and identification skills. The child needs to compare and identify the differences on 34 cards (sets of 2).

BI2052

WHAT'S WRONG?

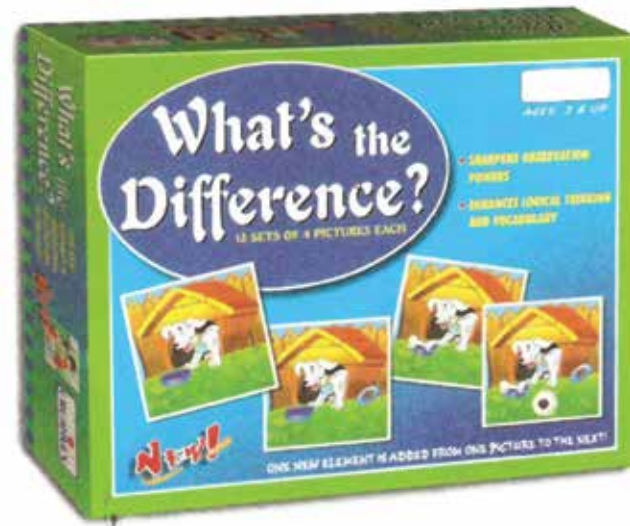

Develops: concentration, problem solving and logical thinking skills. This game will develop verbal expression, visual identification of missing objects and skills.

BI2048

WHAT DOES NOT BELONG?

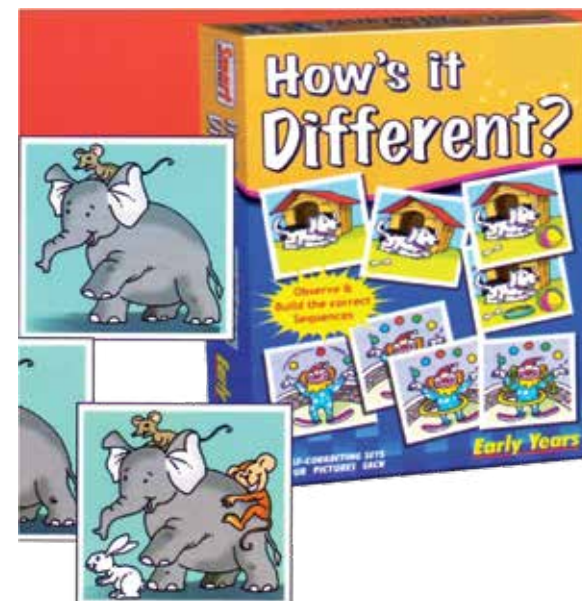

Develops: logical thinking, observation, association and vocabulary. 25 Large, study cards in 3 levels of difficulty. Each card has the pictures of a group of objects and one picture that does not belong to that group. The child has to find the odd one out.

BI2062

WHAT'S THE DIFFERENCE?

An award winning game designed to develop visual discrimination and logical thinking. Consist of 60 cards (15 sets of 4 pictures each). Within each set, one new element is added from one picture to the next. All the cards belonging to each set have the same number on the back for self checking.

BI2053

HOW'S IT DIFFERENT?

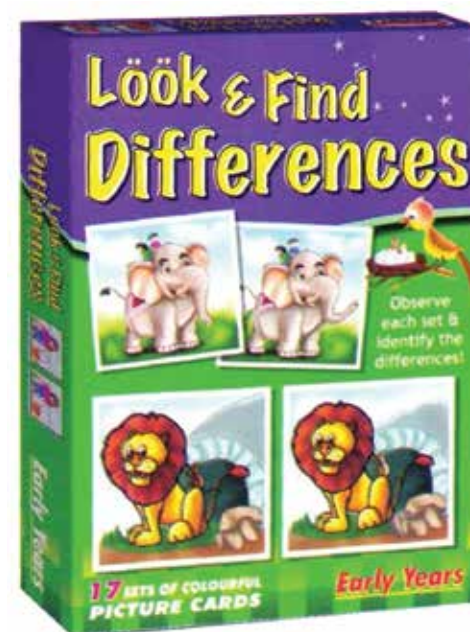

Recognise difference between cards and builds the correct sequence. Develops: memory skills, fine motor skills and language.

BI2049

MEMORY PLAY

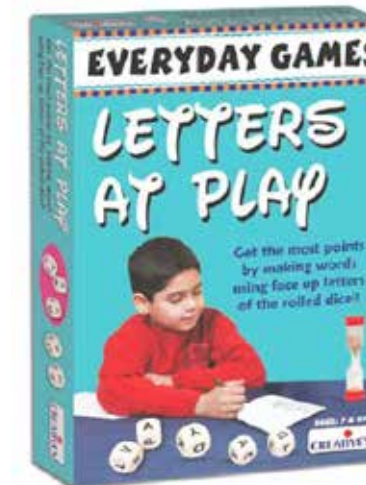

Develops power of concentration, observation, logical thinking, story telling and sequencing.

BI0050

LOOK AND FIND DIFFERENCES

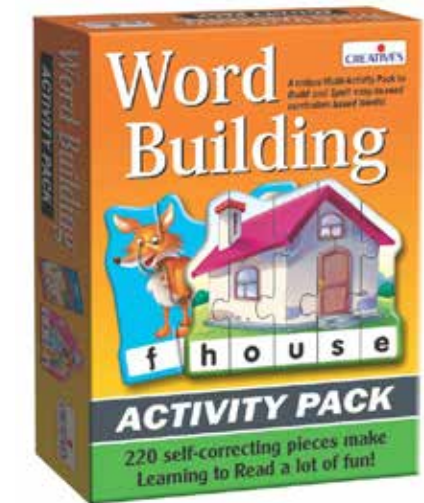

Observe each set and identify the differences. Develops: thinking skills, problem solving, fine motor skills and language.

BI3496

LETTERS AT PLAY

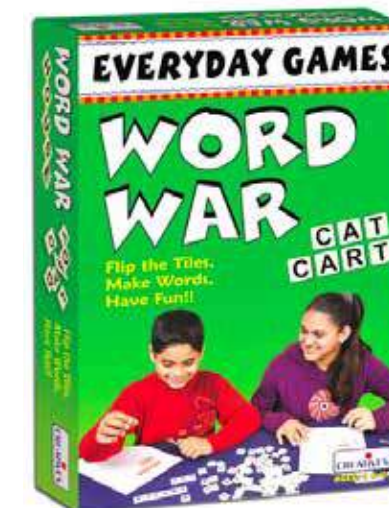

Letter at Play- Get ready for unlimited fun in this fast paced and competitive word building dice game. Create as many words as you can in 60 seconds from the face up letters of the roll of dice. A perfect resource to develop concentration, letter recognition, vocabulary, spelling, memory recall, and quickness of response. It includes- 5 letter dice, Word-Making/Scoring Pad, 4 Pencils, a Timer, and Play Rules.

BI3462

MY ACTIVITY PACK WORD BUILDING

Word Building- Activity Pack helps children in letter recognition, improve spelling and build everyday vocabulary with the help of beautifully illustrated pictures of objects relating to their immediate environment. The pack includes 60 sets of 3 to 5 pieces Word Building puzzles, two Activity Books and an Activity Guide. Children begin by building 3 letter words, gradually moving towards 4 & 5 letter words. The Activity Books include various activities such as fill-in-the-blanks, matching activities, crossword puzzles etc. to reinforce and practice word building skills. Similarly, the Activity Guide includes useful teaching suggestions and directions for playing group games.

BI3470

WORD WAR

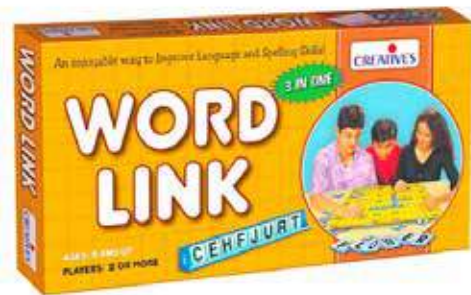

Word War is a game where players take turns flipping the tiles, call out as they spot a word of 3 or more letters. The game keeps the players in the game all the way to last play. They try to build more and more words in minimum time. This fast-paced word tiles game will keep children creatively busy in creating, playing and learning new words to develop their Reading skills. The game includes 50 Letter Tiles, Word Making /Scoring Pad, 4 Pencils and Play Rules.

BI3466

SPELL 4 IN A ROW

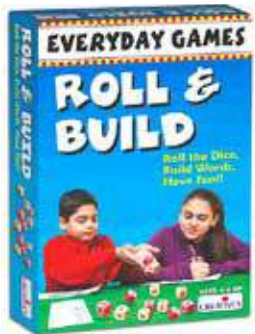

Spell 4 In a Row has specially designed for young ones to improve their vocabulary, spelling and early reading skills in an enjoyable way. Players are required to spell the words correctly to place a counter on an empty space of the Play Board. The first player to place 4 counters in a row by spelling the words correctly wins that round. The game includes a Play Board, 112 Word Cards, Play Pieces and Play Rules.

BI3460

WORD LINK

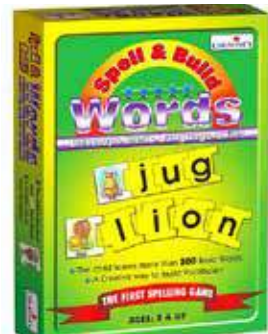

Word Link 3 in 1 is an enjoyable way to improve language skills of children and thus helping them in their academic success. The game comprises 100 letter tiles, a Play Board and 4 racks. Using word letter tiles either Play Board or the rack, children can play the game in three different ways. While playing these games they are required to recognize letter, think logically and form various meaningful words. This way, children develop their logical thinking and vocabulary while playing this game.

BI3471

ROLL AND BUILD

Roll & Build Fun and Learning have never been so easier than with this Word-dice game. Roll all the 12 dice together, spot and build out most words from the face – up letters within 60 seconds to get maximum points to win. The longer the words the higher the score. A perfect resource for small-group activities and basic skills reinforcement. Skills covered include spelling, vocabulary, reading and memory recall. The game includes 12 Letter Dice in two colours, Word Making/Scoring Pad, 4 pencils, a Timer and Play Rules.

BI3465

SPELL AND BUILD WORD

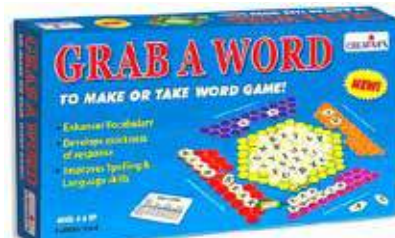

Spell & Build is a puzzle game that helps children to recognize letters and their sounds to form various words developing their vocabulary. The game comprises 48 Picture Cards, 80 Letter Cards and an Activity Guide. There is a picture for every word and children are required to put letters together to form a meaningful word that the picture depicts. There are various activities in Activity Guide that help children to practice and reinforce language skills better.

BI3467

SPELL A WORD

Spell a Word is an interactive game that helps children to learn and practice language skills. The game comprises 6 double sided Play Boards, 100 letter cards and a timer. Each of the Play boards has a picture drawn on and their names having some blank letter spaces. The Child is required to identify and name the picture and fill the letter spaces to complete the picture word using the correct letter cards. This has to be done within the time limit set by the timer. This makes the child to be fast along with being correct while forming the words.

BI3473

GRAB A WORD

Grab A Word makes your children to use their logical thinking while forming various meaningful words. The game comprises a Play Board, 100 tiles and a sand timer. Child is required to observe letters and think logically to form a meaningful word from them. The players can grab letters from each other or simply take it from the middle. The game is played with in the time limits set by the sand timer and thus children not only compete with each other but with the time as well while forming the words.

BI3472 **FUN WITH WORDS**

"Fun With Words" is a set of 30 self-correcting three piece word building puzzles, a 24 pages Activity Book and an Activity Guide. Children build 3-letter words by assembling beautifully illustrated pictures of objects relating to child's immediate environment. As the child sort and join the correct pieces together to complete the pictures and spell the words he/she recognize letter, learn spelling and building vocabulary. With the help of the Activity Book and suggestions given in the Activity Guide the child will be able to further practice many new words and strengthen spelling improving concentration, observation and visual discrimination skills.

BI3463

ROLL AND SPELL

Roll & Spell is a set of 3 CVC Board games and 7 cards game that has been designed to practice and reinforce CVC words. These are words that follow the consonant-vowel-consonant pattern and are considered the simplest and important words and the starting point of early phonics program. The CVC board games can be used to review and master CVC vocabulary and spelling as well as teaching other word skills such as begins with and ends in etc. Using the game boards; Beginning Sounds, Medial Sounds, Ending Sounds, the child will roll the dice and complete the word with beginning, medial or ending sound letter and spell it. With the help of 60 Flash Cards children play 3 Reading games and 4 Matching games like Memory, Snap, Fish etc. This way the child will improve his/her vocabulary and develop language skills while learning CVC words.

BI3456

SPELLER JUNIOR

The "Speller Junior" is a multicoloured board game, scientifically made to help children learn and practice spellings of 704 carefully selected curriculum-related words. Players race along the path on the board to compete with each other by spelling the words correctly and scoring the maximum marks. The game includes a multicoloured play board, 352 spelling cards, play pieces and play rules. This way, children can develop their language skills while having fun.

BI3457

SPELLER SENIOR

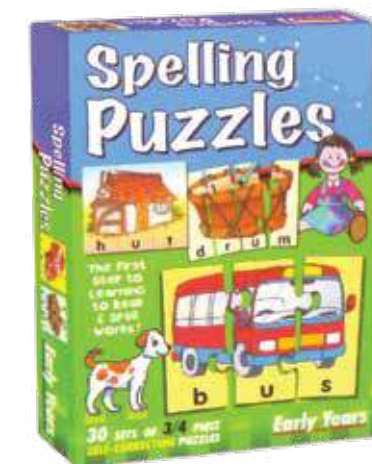

"Speller Senior" is a challenging and educational game to learn and practice spellings, pronunciation and improve vocabulary. The game contains a beautiful multi-coloured Play Board and 300 spelling cards that forms 900 words of three difficulty levels based on the curriculum. Players are required to spell the words correctly to move around the play board while trying to be the first player/ team to reach the Start space. This way, children can develop their language skills while having fun!

BI3459

LINK AND SPELL

Link 'N' Spell is a comprehensive package to build everyday vocabulary and enhance early reading skills. The game comprises 50 durable and safe plastic letters, 10 picture strips, a Practice Letter Mat, an Activity Guide, and an Activity Book. Using the plastic letters and letter mat, children build more than 500 hundred essential everyday words by joining the letters. To reinforce and strengthen letter recognition, letter sounds, spelling, and vocabulary children may complete various activities given in the Activity Book and Activity Guide.

BI2084

SPELLING PUZZLES

The first step of learning to read and spell words.

BI3468

BEGINNING CONSONANT BLEND BOX

Beginning Consonant Blends is a set of a board game and match ups that introduces children to the consonants in a playful manner. Consonants are all the letters in the alphabet that are not vowels. There are 21 of them. Consonants make the most of the word sounds. In this game, consonants are blended or joined together in clusters of 2 letters at a time that makes distinct consonant sound, such as bl, cr, sh etc. Using 25 three piece self-correcting Match-ups, the child will match a blend with two corresponding pictures beginning with that blend. Similarly, children can use the play board with 30 blend play cards to race and reach the finish space by naming maximum words beginning with consonants blends. Thus, by playing the game children will be able to read hundreds of new words easily and accurately.

BI2070

FUN WITH PHONICS - RHYMING WORDS

Enables young learners to experience success in learning to read while playing.

BI2078

FUN WITH PHONICS - BEGINNING CONSONANT BLENDS

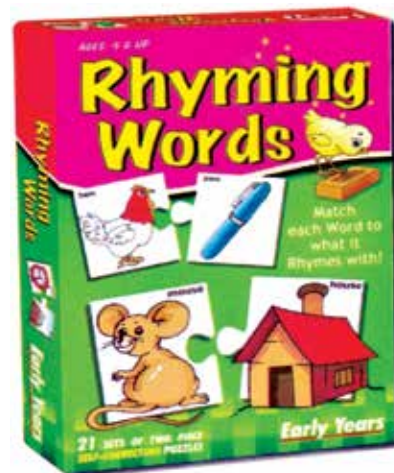

The study of letter sounds is one of the most frequently used methods of teaching. Reinforce basic phonic skills.

BI2073

FUN WITH PHONICS -VOWEL MATCH UPS

Reinforce basic phonic skills.

BI2047

RHYMING WORDS

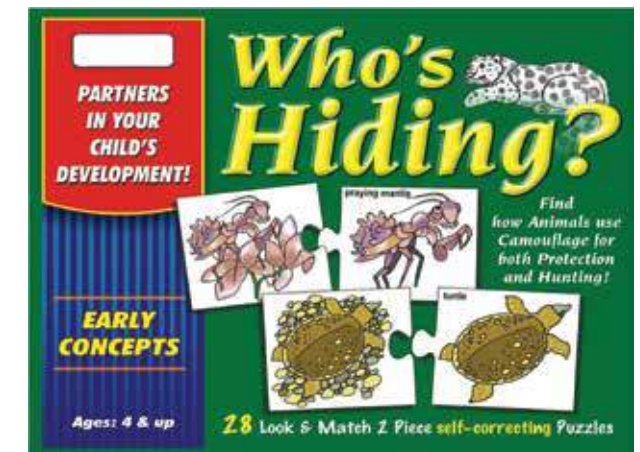

Develops: understanding concepts and problem solving.

BI2091

WHOSE PART?

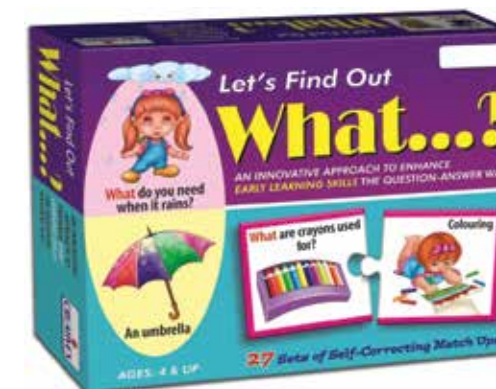

Match stripes, wings, tails and horns to the animal they belong to. The learner will be able to identify and name 28 animals, discover that they have special parts or features that distinguish them from other animals. Consists of 28 sets of self-correcting 2-piece puzzles.

BI2092

WHOSE HIDING?

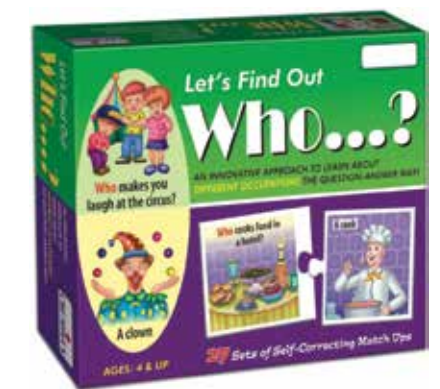

Identify and name 28 animals as you learn how they use camouflage for both protection and hunting. Discover which animal looks like a leaf, why some turtles look like pebbles and how tigers hide in the grass. Consists of 28 sets of self-correcting 2-piece puzzles.

BI2079

LETS FIND OUT WHAT?

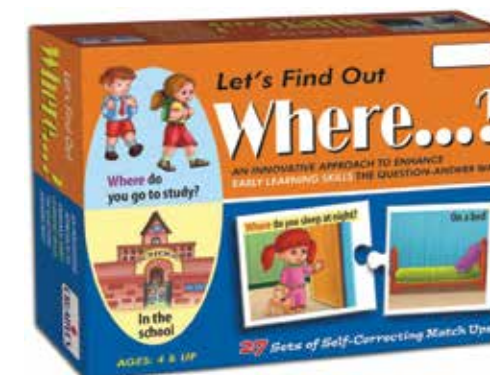

Learners match up questions or picture puzzles with their corresponding answers to practice pre-reading or reading skills.

BI2081

LETS FIND OUT WHO?

Self-correcting 2-piece puzzles. Children learn about 27 different occupations in this pack.

BI2080

LETS FIND OUT WHERE?

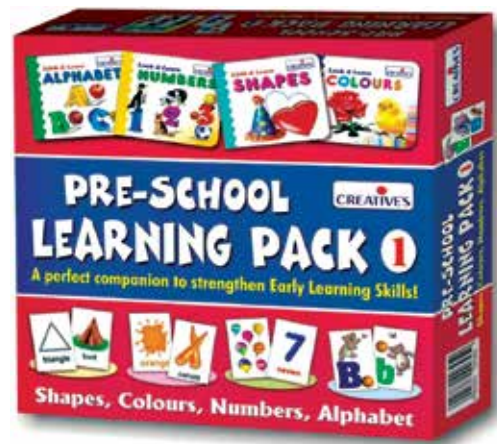

Each set has pictures and written questions or answers on it so that both readers and non readers can play.

BI2082

LETS FIND OUT SIMILES

Children recognise the relationship between two things and then make comparisons between two other pairs of things.

BI2083
**PRE-SCHOOL
LEARNING
PACK**

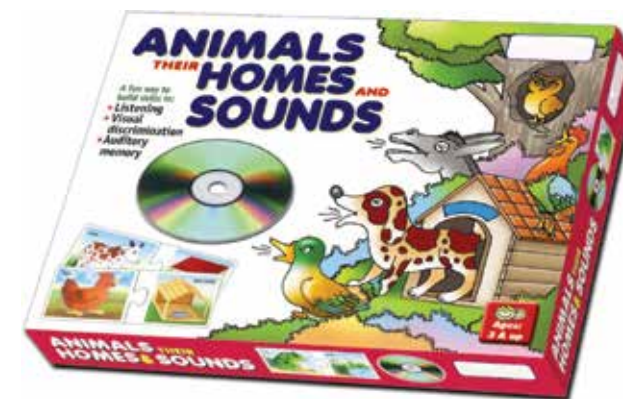

A combination of 4 sets of flash cards with shapes, colours, numbers and alphabet letters. Great for building basic skills. Step-by-step activities included.

BI0041

ALPHABET BINGO

PERCEPTION SERIES

PERCEPTION SERIES

HELP YOUR LEARNER OR CHILD TO BECOME
SENSORY AWARE

Perception is the ability of the brain to interpret
whatever we see, hear, feel, taste or smell.

The My Clever Perception Series is a series of workbooks that
will help learners to master the following perceptual skills:

- visual and auditory discrimination: memory, sequence,
closure, foreground-background and analytical synthesis
- laterality, midline crossing and spacial orientation
- gross motor and fine motor skills
- eye-hand and eye-foot coordination
- correct eye movements.

Who will benefit from the My Clever Perception Series?

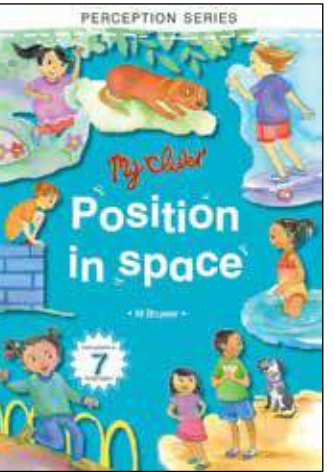

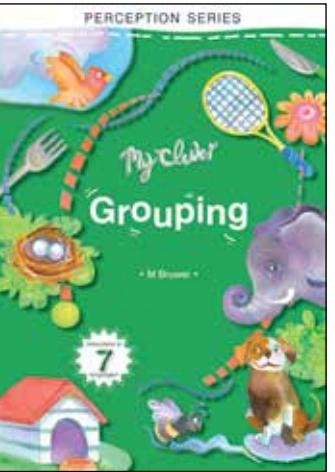

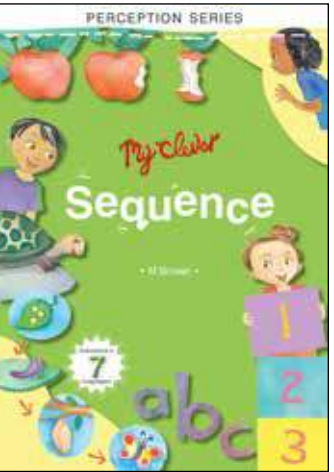

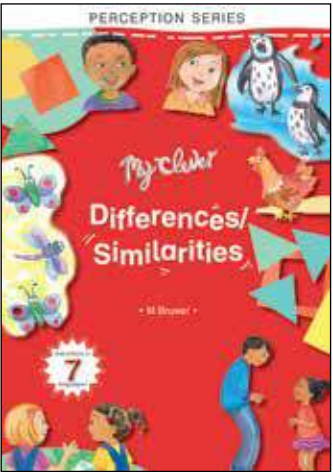

It is important for a learner to master the perceptual skills in
his or her Grade R year in order to be emotionally, socially,
physically and mentally ready for Grade 1.

In order to master the formal reading and writing activities in
Grade 1 a learner is expected to possess a number of
perceptual skills.

Every child is unique and develops at his or her own pace. The
My Clever Perception Series is a valuable tool to give support
to Grades 2 and 3 learners who experience specific problems
with the formal work due to a gap in their perceptual skills.

The books in this series:

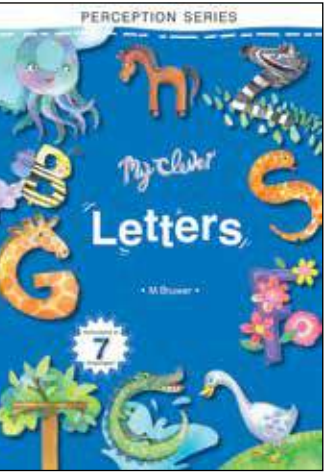

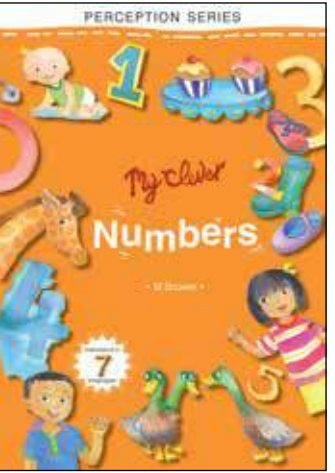

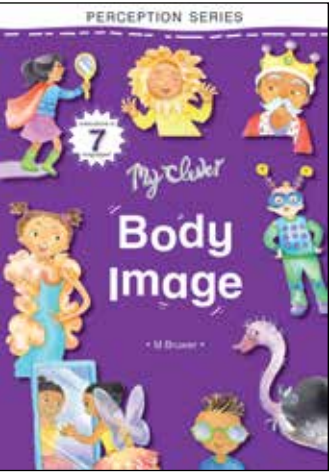

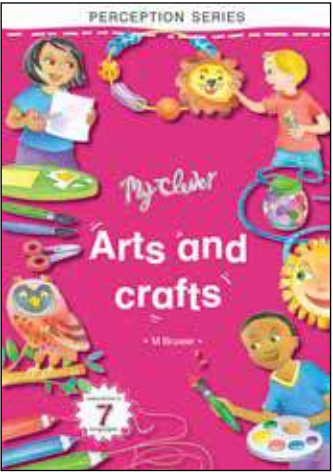

- have bright, beautiful covers that learners will find very appealing
- have a character who shows the child exactly what to do on each page
- explain the importance of each skill
- have instructions, at the back of each book, on how to facilitate the activities in a clear, easy-to-use way.

The My Clever Perception Series comprises:

A3 size	Can be used for Shared Reading. When the teacher holds up the books, the learners will see the pictures and text easily.
The <i>Big Books</i> can be read as a class with the teacher	The learners develop as readers through Shared Reading.
The <i>Big Books</i> can be used to facilitate emergent reading	<i>Big Books</i> give learners the opportunity to hold books the right way up, to turn pages correctly when 'reading' and to develop correct eye movement, such as following lines of text from left to right.
The <i>Big Books</i> are graded	The series starts with one-word-per-page books and moves to one-sentence-per-page books.
Simple language	Even second language learners will find it easy to 'read' or understand the stories.

Using Big Books to 'read' in the classroom give learners the opportunity to:

- answer simple questions
- describe and discuss characters
- draw pictures, capturing the main ideas of the story
- retell the story
- say whether they liked the story
- say how the story made them feel
- respond through mime, movement and other drama activities.

Book of Stories, Rhymes and Songs

Book of Stories, Rhymes and Songs

ISBN: 9781431055272

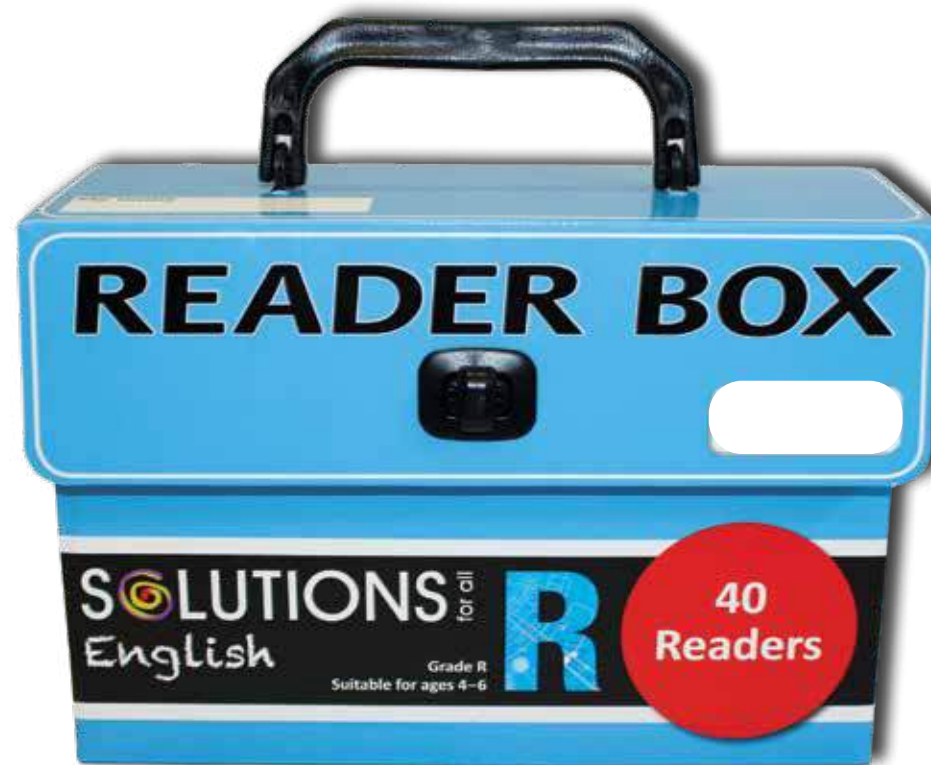

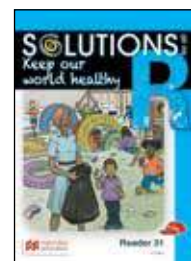

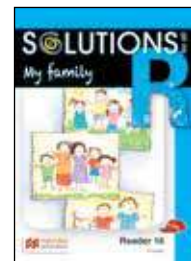

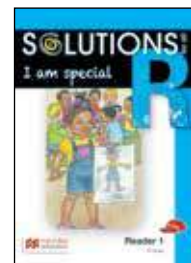

- Can be used and enjoyed from the Early Childhood Development Phase to Foundation Phase.
- A collection of over 120 well-known and original stories, rhymes and songs.
- Uses characters that the learners can relate to, to teach life lessons in a fun and creative way.
- Enables teachers to implement the vitally important practice of reading a variety of texts to young learners every day.
- Caters for different learning opportunities:
 - allows learners to appreciate and become familiar with characters, storylines, suspense and the structure (beginning-middle-end) of a story.
 - the action rhymes promotes the development of the young learner's listening skills and gross-motor co-ordination.
- Notes to the teacher, with suggestions on how to use the story, rhyme or song in the most effective way.

LEARNING LETTERS ACTIVITY CENTRE

Get children excited about alphabet practice with our innovative activity centers! Each skill-building center gives early learners a hands-on way to explore letters. Children just follow simple and engaging prompts on activity cards and flip books to search for letters in a sensory "treasure chest", build letters piece by piece using snap together parts and practice printing perfect letters on mini magic boards. Complete set includes all 3 centers shown.

**NEW
ARRIVALS**

BI4179

MAGNETIC LETTER BUILDERS

Get children excited about alphabet practice with our innovative activity center! This skill-building center gives early learners a hands-on way to explore letters as they follow simple prompts on activity cards to build letters piece by piece using snap together parts. You get 26 double-sided activity cards and 28 snap-together letter builders. Longest builder measures 100mm in length.

BI4770

BUILD THE LETTER ACTIVITY CENTER

Get children excited about alphabet practice with our innovative activity center! This skill-building center gives early learners a hands-on way to explore letters as they follow simple prompts on activity cards to build letters piece by piece using snap together parts. You get 26 double-sided activity cards and 28 snap-together letter builders.

BI2399

LEARNING NUMBERS

These big wooden numbers each feature a clear plastic top with a metal ball sealed inside. Learners simply use the permanently attached magnetic wand to guide the ball along the lines and curves of each number. The set consists of 10 numbers from 0 to 9 that come in a handy wooden tray.

BI2401

LOWERCASE LEARNING LETTERS

Our hands-on learning letters help students develop the skills they need to build letter recognition. Each wooden letter has a clear plastic top with a metal ball inside. Children use the permanently attached magnetic wand to guide the ball along the lines and curves. Each set comes in a handy wooden tray.

The number boards encourage layered learning. While children learn to form numbers, they simultaneously learn basic number concepts such as the order of numbers and the relative size of numbers. Basic calculation skills are also stimulated as children learn that more than means add and less than means subtract. Children who have well consolidated number concepts, tend to cope better with maths.

5	vyf	10	tien

BI3570 NUMBER AND WORD COMBO AFRIKAANS

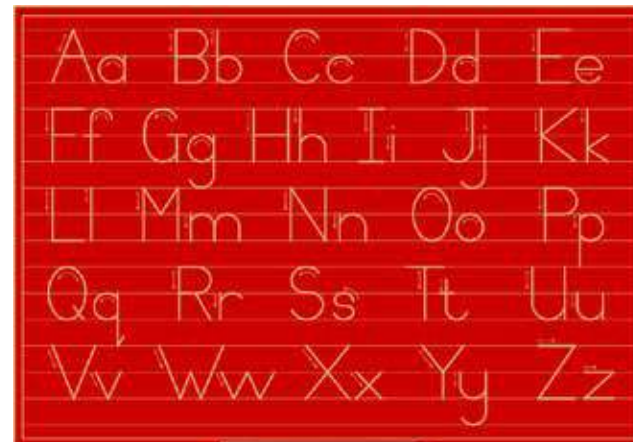

BI3571 NUMBER AND WORD COMBO ENGLISH

The letter boards give children the opportunity to practise perfect letter formation and establish good writing habits from the start. Using the stylus promotes finger strength and pencil control, both necessary for quick, accurate writing. Tracing over the letters also increases children's familiarity with the sounds connected to the letters. This is the start of sounding out, a critical skill for reading and spelling.

DRAW AND WRITE TOUCH BOARD

Kids use their fingers to draw and write on the irresistible board and then just lift up the vinyl flap to erase their designs and draw again. The skill-building board has a smooth vinyl cover that's lots of fun to touch and super-easy to use. Children just press with their fingertips to draw pictures, form letters and practice the skills they need to really start writing.

BI4082

MY FIRST MAGIC BOARD

Our tot-friendly board has everything little ones need to draw and design in one convenient place! Featuring a permanently attached magnetic "crayon" that's easy for little hands to hold and control, plus an easy-slide eraser that makes it easy to clean the screen, the board is perfect for endless drawing and pre-writing practice.

BI3579

MAGIC BOARD SET OF 10

With our irresistible magic board, children will want to practice their printing skills again and again! The permanently attached magnetic pen makes writing fun and simple and the easy-to-use eraser bar lets kids clear the board in seconds and start writing again! Also available as single boards (BI3578).

BI2402 **UPPERCASE TACTILE LETTERS (SET OF 26)**BI2403 **LOWERCASE TACTILE LETTERS (SET OF 26)**

Our activity cards feature extra big lowercase or uppercase letters with a special textured surface. Children just trace each letter with their fingers to develop pre-writing skills and letter recognition and master the strokes they will need to start writing. Includes 26 cards.

BI2612

GIANT TRACING NUMBERS

Children trace along the dotted lines of our giant hardwood numbers. Each number has dots that show students exactly where to start and stop and numbered arrows to encourage proper formation. Includes a set of 20 write and wipe numbers.

LIMITED STOCK

BI3170 **TACTILE ALPHABET MATCH-UPS**BI3171 **TACTILE NUMBER MATCH-UPS**

Kids build alphabet skills with super-simple match-ups that are lots of fun to touch! Each match-up has 2 simple, self-correcting pieces. Children just match upper- and lowercase letters to everyday images then trace the tactile surface of the letter with their finger to build pre-writing skills! You get 26 match-ups that cover the entire alphabet.

BI3762

SINGLE LINE WRITE AND WIPE BOARD SET OF 10

Our single line writing board gives kids the focused practice they need to master uppercase and lowercase letters, simple sight-words, key vocabulary and more! This tempered masonite board has permanent writing lines, plus a write and wipe surface so children can practice again and again.

Also available individually (BI3581).

BI3267

WRITE AND WIPE MARKERS- SET OF 4

Narrow-tip, dry-erase markers make it easy to create fine lines ideal for use with our write and wipe boards; wipe cards, lapboards and more. Markers are non-toxic. Consists of a set of 4 markers.

BI3178

WRITE AND WIPE ALPHABET PRACTICE CARDS

Kids build alphabet skills letter by letter with write and wipe cards they can use again and again! Each card has a familiar image that begins with a different letter, plus ruled baselines and dotted starter lines for printing upper- and lowercase letters. There's even a word at the bottom to reinforce letter sounds! Set includes 26 cards.

BI3582

WRITING CLAWS SET OF 12

BI4128

**GIANT
SENTENCE
BUILDING
CUBES**

Sentence building is more fun than ever—with jumbo cubes students love to mix and match! The super-size cubes are colour-coded by part of speech, featuring nouns, verbs, adjectives, punctuation marks and more. Students simply arrange the cubes to build logical or silly sentences—again and again! Set includes 40 dense foam cubes printed on all six sides, plus an activity guide. Develops skills in building sentences, grammar and punctuation.

BI3128

**FILL IT
UP! FINE
MOTOR
JARS**

As children load up our hands-on jars, they build the fine motor skills they'll need to start writing! Our set includes 3 see-through jars with fun-shaped holes right in the lids plus 79 objects for children to sort, including buttons, pegs and 3-D foam shapes. Children build classification skills and eye-hand co-ordination as they fit the objects into the holes then simply open the jars to grab the pieces and start again!

**NEW

BI4065

MIX AND MATCH MAGNETIC FAMILIES

Children mix and match our illustrated blocks to create contemporary families—and build eye-hand co-ordination! Featuring modern styling and a variety of skin tones, the blocks have powerful embedded magnets for no-fail building, making it easy for kids to put together families as unique as their own. You get a set of 32 double-sided pieces.

BI4161

**SNAP
DINOS**

These prehistoric builders fit together with a snap—perfect for open-ended building and imaginative play! Kids use the colour-coded snap-together heads, legs, tails and more to create 5 different dinosaurs—or mix and match for one-of-a-kind creatures. You get 38 wooden builders.

BI4063

STACK AND BUILD EMOTION KIDS

Kids explore the various ways people show their feelings and learn how body language can help us recognize emotions! Children just stack 15 colourful, self-checking wooden blocks onto the hardwood base, matching up facial expressions with arm and leg positions to create figures representing 5 different emotions.

BI4162

**SNAP
BOTS**

Creating fun, one-of-a-kind robots is a snap! Kids mix and match parts in 9 different shapes to build a variety of free-standing robots that are ready for adventure. Our durable wooden builders feature easy-snap connections that help children sharpen fine motor skills as they create up to 6 bots at once—practicing shape recognition and open-ended building as they go! Set includes 36 builders.

ROLE PLAY

Our role play costumes allow children to act out scenarios and also to make sense of situations they come across in real life. They develop their awareness of their surroundings, as well as themselves and others around them. Develops their communication skills and forms their use of language. Gives them the chance to explore, experiment and even investigate. Collaboration with others helps children to learn about important topics and different cultures. It sparks creativity and imagination.

HEAR MYSELF SOUND PHONE-EACH

This ingenious, fun-to-use phone lets children hear themselves talk so kids can really focus on every sound they say! Perfect for exploring letter sounds, phoneme blending, phonics practice, oral reading. And more the molded plastic phone is sized just for kids, with a lightweight, easy-grip handle.

BI4766

ECHO MICROPHONE

Perfect for oral language exercises, sound manipulation, encouraging correct pronunciation and more, this lightweight microphone makes it a cinch for kids to amplify their voices and gain the confidence they need to become effective speakers. And it doesn't even need batteries!

BI1091

TALKING TUBES

Talking Tubes®, one of our best selling products, can be used in any educational setting, both indoors and outdoors, to develop children's communication, personal and social skills. The starter set can be used to communicate across a small distance, between rooms, across an outdoor area or even between the indoor and outdoor environments. The Talking Tubes® set here includes 2 handsets and 3 metres of strong yellow, hollow flexible tubing. Handsets simply plug into the ends of the tubing.

BI5232

TALKING TUBES TELEPHONE EXCHANGE

Part of our award-winning Talking Tubes® range, the Telephone Exchange is the ultimate conversation starter! Children can build any network they want by simply plugging components together as required. Comprising 8 handsets (4 red, 4 blue) 3 x 3 Metre lengths and 12 x 1 Metre lengths of strong yellow, hollow flexible tubing, 6 in-line connectors and 6 'Y' connectors to enable numerous networks to be made. The tubes all have rubber ends so the handsets and connectors can easily be pushed into place and removed as required.

BI4920

SET OF LOW PARTITIONS

Set of 7 colourful self standing low partitions measuring 90 x 70cm, comes with 2 x 90° connectors and 2 x 120° connectors .

BI0726

HEIGHT CHART

Excellent poster , with vibrant colours and creative pictures. Perfect for learning in the classroom or at home.

BI4148

HEIGHT MEASURE

Self standing height measure for the classroom. Great demonstration tool and promotes interaction and engagement in the classroom. Learners simply stand on the platform and move the measuring device to measure their height. Excellent tool to develop Maths concepts like measurement and data handling.

BI4149

FOOT AND HAND MEASURE

A new and fascinating way of measuring foot and hand sizes. This great tool will keep learners engaged and will develop simple math concepts like measurement and data handling. This product could also be used to measure other objects that cannot be easily measured by a ruler.

BI2596

FOCUS AREA LEARNING CENTRE

Give kids daily practice with calendar concepts, the alphabet, counting and more and help the whole class build literacy skills together! Our all-in-one center features over 200 cards designed especially for circle time from calendar cards that teach and reinforce the days and months to fun picture cards that explore rhyming words, colors, shapes and more. Best of all, the center encourages lots of hands-on exploration with fun-to-touch tactile letter cards, a gumball machine with gumball counters, a weather spinner with stick-on clothing pieces, and more! The pocket chart also has built-in storage pockets and sturdy grommets for hanging, plus all the cards and pieces to complete each activity.

LIMITED STOCK

BI3258

ALL ABOUT LETTERS POCKET CHART

Our comprehensive activity chart provides focused, daily practice with every letter of the alphabet giving children the reinforcement they need to really master each one! The chart comes with tons of materials that explore each letter from every angle including fun-filled chants that help kids identify each letter, full-color photo cards that develop letter sound recognition plus a write & wipe surface and handy tracing cards that encourage proper letter formation. Plus, all the materials neatly store right on the chart so you can easily access activities day by day! The sturdy nylon chart has grommets for easy hanging and comes with a total of over 90 activity cards.

BI3345

DAILY SCHEDULE CHART

Give children an at-a-glance view of the day's events and activities with our daily schedule pocket chart! The pocket chart includes a wet-erase daily schedule insert card, morning and afternoon title cards, and 22 daily activity cards.

BI3271

ATTENDANCE AND CLASSROOM HELPERS CHART

This interactive pocket chart allows readers and nonreaders to participate in the management of the classroom and develop a greater sense of personal responsibility! Giant chart comes with 60 name cards, 20 class helper cards and a title card.
